CONVENTION OPENS.

Prohibitionists Were in Session in Sayre.

W. S. H. HEERMANS CHAIRMAN

Towandian Chosen Temporary Presiding Officer—Burgess Cross Made Address of Wecome to the Delegates —C .R. Davis Responded.

Delegates to the Prohibition State convention from all parts of Pennsylvania were present at the opening session in Sayre at 3 o'clock Wednesday afternoon of last week.

The convention hall, in the Eighmey block, had been prepared for them. Nearly 500 seats had been placed, and the hall had been decorated by the ladies of the W. C. T. U. In the front and on the left side of the hall was a picture of Neal Dow, and under it the words "Father of Prohibition." On the right side was a picture of Francis Willard and under it "For God and Home and Native Land." Over the center in large letters were the words: "Welcome, Home Protectors."

The executive committee held a session at 2 o'clock in the parlors of the Wilbur House and made recommendations to the convention regarding the order of business, and chose a delegate to reply to the address by Burgess William Cross.

The delegates convened in convention hall at 3 p. m., and were called to order by the State chairman, David B. McCalmont.

The first thing on the program was the singing of "America" by all the assembled delegates. This was followed by prayer by Rev. Silas S. Swallow of Harrisburg.

On the recommendation of the executive committee, Rev. W. S. H. Heermans of Towanda, was chosen temporary chairman.

The temporary secretaries consisting of R. C Loomis of Erie county, chairman; Lloyd B. Ewing of Huntington county, T. B. Shaffer of Bradford county, L. W. Sanford of Susquehanna county, and the representatives of the press were appointed.

Burgess William Cross in a short concise address welcomed the delegates to the borough, and Rev. H. F. Keltch of the Church of Christ, delivered the address of welcome on behalf of the Sayre members of the party.

The reply was made by Charles R. Davis, one of the delegates from Erie county.

The report of the committee on credentials and on permanent organization were received.

Yellow Perch Not a Game Fish.

It has always been supposed that the law protected the yellow perch and that they could only be captured during a certain season and with hook and line only. This is an error, according to a letter received from superintendent of the state fish department Meehan by G. W. Hayman of Wyalusing the other day. Mr. Meehan says that yellow perch can be captured at any season of the year, but with a hook and line only. This seems to have been an oversight on the part of the law makers, as there is not a more edible fish in the waters of the state than is the yellow perch, and until recent years they were as plentiful in the waters of the Wyalusing creek as were any of the fish that tempt the angler out for a day's sport in the early Spring.—Wyalusing Wyalusing Rocket.

Runaway at Greene's Landing.

Says the Greene's Landing correspondent to the Athens Gazette: "Tuesday evening Miss Lettie Kendall and friend, Miss Reddish of New York, and Messrs. Decker and Hall of Waverly, were driving in this vicinity when their horse became frightened at an automobile and ran up a steep bank, near the Davis home, overturning the carriage and throwing the occupants to the ground. They were fortunate in escaping with only bruises and torn clothing. The carriage was badly broken." Miss Reddish is the vocalist who appeared in concert with Madam Julie-Rive King in Towanda recently.

Charter Granted.

Among the charters issued by the State Department at Harrisburg on Monday was one to the Northern Pennsylvania Power company, Athens, Bradford county, capital $5,000; Chas. H. Hart, 199 Lenox avenue, New York, treasurer.

Found Free From Disease.

Veterinary Wilcox of LeRoy, last Friday tested a herd of 13 cows for O. J. Woodruff of Franklindale, and pronounced them all free from disease.

Bishop Talbot, of the Episcopal diocese of Central Pennsylvania, and a party of 29 Episcopal clergymen left Saturday for England to attend the Pan-Angelical congress.

TOWANDA WHITEWASHED.

Laquin Ball Tossers Trimmed Locals by Score of 5-0.

The hard hitting Laquin base ballists came to Towanda Saturday and opened their season by whitewashing the Towanda team, the score being 5-0. Rockwell, the Laquin tossist, held the locals safe throughout, allowing but four safe hits and striking out seven men. Ryan negotiated two of the hits, Moscrip and Russell getting the other two.

Towanda started off well, but with men on bases, Rockwell let out for all he was worth and hits were not to be had at any price.

While Laquin made ten safe hits off Moscrip, yet they were scattered throughout the game, and had it not been for the errors of the supporting players there would have been no scoring on either side, as Laquin did not earn a run. The visitors played a clean, snappy game, and were out to win every minute. The outfielders pulled in a couple of flies that ordinarily would have counted as hits, and gave Rockwell great support at every stage of the game. The Laquin players are as gentlemanly lot of ball tossers as will be found on a diamond, and the game was very clean and free from wrangling, there not being so much as a kick on a decision made by the umpire.

About 800 people saw the game, 200 having paid admission while the other 600 stood on the road and railroad track and watched the contest.

Two Games This Week.

Towanda has two games scheduled for this week. On Friday, the Mansfield team comes to the City of Promise for a game on the East Side grounds, and on Saturday the locals go to Laquin for a return game. Manager Russell has secured Dempsey and Lally, the Mansfield Normal battery which did such good work against the Allen Business college team a week ago, and they will try to duplicate the victory on Friday.

Why Not a Bradford County League?

The Daily Review respectfully suggests that the managers of the Towanda, Ulster, Sayre and Laquin teams get together and form a four-club league, to be known as the Bradford County League. Organize by electing a set of officers, and then each team post a forfeit of $25 making a purse of $100, which shall go to the team winning the most games scheduled. Open the season on July 1, and play until Sept. 15. Each team should be allowed 15 players, the names to be furnished at the time of the organization, and they would be compelled to play nine of these 15 in every scheduled game. If the Laquin, Ulster and Sayre shop team managers are favorable to such a league, they are requested to communicate with The Daily Review.

Mansfield Battery.

Dempsey and Lally, two students in the Mansfield Normal school are coming to Towanda this week and on Friday will officiate as battery for the Towanda team against the Mansfield team, which defeated them at Mansfield in a close game about ten days ago. Mr. Lally, the catcher, is a vocalist, said to be the best in the Normal school musical department in many years, and he will sing at the Family theatre on Friday evening. He may locate in Towanda, and play on the team during the remainder of the season. The Towanda team goes to Laquin for a return game next Saturday.

Ulster Won Both Games.

The strong Ulster team defeated the Athens team twice on the Ulster grounds Saturday. The morning game, which was a sensational one, was won by Ulster by a score of 6-5, and the afternoon game by a score of 10-3. The Athens team was reinforced by a couple of Sayre shop players.

Will Conduct Summer Normal.

Prof. L. J. Russell, principal of the Towanda high school, has decided to open a Summer normal school in Towanda for the benefit of those who expect to teach this fall.

PLATFORM ADOPTED

Prohibitionists in State Convention Want Liquor Suppressed.

GREAT INTEREST MANIFESTED

Adopted State Platform Exactly as it Was Submitted by the Committee —Woman Suffrage Not Mentioned. Local Option is Favored.

Without a change in a single word exactly as it came from the hands of the platform committee, the document on which the Prohibiton party of Pennsylvania will enter the coming political campaign was adopted at the State convention in Sayre Thursday morning.

The platform contained not a single word in relation to woman suffrage. It had been expected that there would be such a plank submited and then would have followed a long argument. But every one had another guess coming.

There was one other plank which according to the forecast would create much talking. That was in regard to local option. The platform practically declared in favor of local option, providing, of course, Prohibition cannot be obtained. The platform does not say this in words, but local option is strongly implied. The words which mean so much in spite of the fact that they do not say much are as follows. "We desire to express our sympathy with all movements that have for their object the overthrow of the liquor traffic." This to those who believe in local option can be cited to support their views.

The Platform.

Following is the complete platform as adopted:

We the Prohibition party of Pennsylvania in convention assembled at Sayre, May 27 and 28, 1908, reaffirm our allegiance to the National Prohibition party and express our gratitude to Almighty God for the victories of our principles in the past, for the encouragement of the present and for the prospect of early and triumphant success in the future.

The liquor traffic is not a business. It is an indulgence sold to commit crime. The license system, which grants the privilege of creating criminals, paupers and lunatics, of causing deaths, divorces and misery, that barters away the health and morals of the people, is a political crime and is also a financial failure in that it places a burden of taxation on the citizens of our commonwealth which outweighs many times the licensed revenue. In this age of Christian civilization all those who vote for such a system are morally and politically guilty with the saloon keepers they thus create, and with whom they permit the State to divide the blood money of the license system.

We, therefore, declare for the enactment of State and National laws for the Prohibition of the manufacture, sale, importaion, transportation and exportation of intoxicating liquors as a beverage which has been the principle of the Prohibition party since its formation and which demands a party in power committed to its enforcement.

We desire to express our sympathy with all movements that have for their object the overthrow of the liquor traffic.

The Republican and Democratic parties in their state conventions have positively refused to consider the liquor question. The Prohibition party declares it to be the greatest and most prominent issue of this year's campaign and asks all good citizens at the ballot box to decide that we are in the right.

We favor the election of President, Vice-President and United Staes senators by the direct vote of the people.

We demand the repeal of the internal revenue tax and the immediate prohibition of the liquor traffic for beverage purposes in the District of Columbia, in the territories and all places over which the National government has jurisdiction. We declare that the time has come when the rights of the states shall be protected by the National law entirely prohibiting the interstate traffic of intoxicating liquors.

We favor the submission by Congress to the several states an amendment of the Federal Constitution prohibiting the manufacture, sale importation, exportation or transportation of alcholic liquor for beverage purposes.

We favor the establishment of postal savings banks.

We condemn the official tolenace and practical license of the social evil which prevails in many of our cities with its unspeakable traffic in girls. This evil is almost universally associated with the traffic in intoxicants and should be abolished by the most rigid laws faithfully executed.

We favor the retention and enforcement of the laws requiring instruction in the public schools of Pennsylvania of physiology and hygiene with special emphasis on the nature and effect of alcholic liquors and other narcotics upon the human system. We emphatically protest against any amendment of any of its sections or modification of its provisions.

We support the demand for genuine ballot reform and honest primaries. The party square is no square and represents the ring quite as effectually as did the party circle. The Republican party has given us a primary law by whose workings secrecy of the ballot at election is nullified. Reform and minority parties are heavily handicapped, majority rule and consolidation of independent elements in dominant parties is obstructed and candidates acceptable to the liqour traffic, grafters, bosses and other corrupting agencies are by the mendacity and even perjury of their supporters given advantages over those candidates favored by the more conscientious element.

Tried to Run Convention.

The sessions of Thursday were very interesting, there being many warm discussions. One delegate from Philadelphia, who occupied a front seat tried to run the convention and was squelched so much that he finally bowed his way out of the hall.

FOUR GRADUATES.

Successful Term of School at Monroeton Comes to a Close Today.

The Monroeton Enterprise says: "The Monroeton graded and high schools closed another successful term last Friday. On account of the short holiday vacation and there being no lost time to make up, the term ends a little earlier than usual and all concerned are glad to have the end come before the weather gets too warm.

"The graduates, though but four in number, are proficient in every study and are prepared to meet the rigid examinations of the county superintendent. All the students in the high school except one have passed the final examinations and Prof. Morrow is being freely complimented for his excellent work.

"Miss Lawrence is deserving of much credit for the good work she has accomplished in the grammar room. All her students in the eighth grade except two have been advanced to the high school and all in the seventh grade have been promoted.

"In the intermediate department Miss Bowman has met with unusual success. Here are three grades of a troublesome age, but she has handled them well. All in the sixth and fifth grades and all but two in the fourth grade have passed the finals.

"The work of Mrs. Campbell in the primary room has satisfied the wishes of every patron and all will learn with regret that she has decided to retire from the work at the close of the present term. All her pupils except eight have been promoted—one in the third grade, four in the second and three in the first.

"New teachers will be elected in June and several applications have already been received by the directors, but as the present bunch has given such universal satisfaction, we predict that but slight change will be made."

Ascension Day Services.

Northern Commandery of Knights Templar attended Ascension services in Christ Church Thursday evening. Rev. E. A. Gernant, the rector, had a special program for the occasion, it being one of the most beautiful and impressive services ever held in the magnificient church. The Northern Commandery, in full uniform marched from their Asylum to the church, making a handsome and imposing appearance. The church was well filled with members of the Masonic order, and others, and each attendant was presented with a handsome souvenir program.

Initiation and Banquet.

Towanda Tribe, No. 359, Improved Order of Red Men, at Thursday night's meeting conferred degrees upon a class of palefaces. Following the initiation an elaborate banquet was served, and every one of the hundred Improved Indians present ate their fill and then some. Peter J. Allen prepared and served the banquet in his usual tasty and satisfactory manner.

Held to Court.

Louis Chilson, the Towanda youth who stole 21 dozen flags from Betts's store house last Friday night, was given a hearing before 'Squire Orcutt Tuesday morning on the charge of burglary and larceny, and was held to await the action of the next grand jury. In default of bail he was committed to jail.

Binghamton's Auto Parade.

Over 100 cars took part in the annual automobile parade about Binghamton Monday evening. The parade was headed by the mayor, with a band following in two automobiles running closely abreast.

TEACHERS ELECTED.

Annual Meeting of School Board Held Monday Night.

NO CHANGE IN TEACHING STAFF

J. H. Humphries Re-Elected Superintendent, and Leon J. Russell Will Remain as Principal of the High School—Tax Rate Unchanged.

The annual meeting of the Towanda board of education for the election of officers and teachers, and the transacting of other yearly business was held in the office of W. E. Lane on Monday night. The election of officers of the board resulted as follows:

President—Dr. Francis Chaffee.
Secretary—W. E. Lane.
Treasurer—Dr. C. M. Woodburn.

Following the election of officers, the tax rate for the year was fixed at seven mills, the same as last year. The school year for 1908-9 will commence on Wednesday, Sept. 2, and will continue nine months.

No Change in Teaching Corps.

No change was made in the teaching corps, all of the instructors who have been giving splendid satisfaction, being re-elected. Prof. J. H. Humphries, who has been superintendent of the borough schools for the past three years, was unanimously re-elected for another year at the same

salary. He is an excellent man for the place, and Towanda is fortunate in securing his services for at least another year.

Prof. L. J. Russell, who has been principal of the high school for the past year, giving splendid satisfaction, was re-elected for another year. He is a good teacher, and is universally popular with the students. His salary was fixed at $80 per month, an increase of $5 over last year.

The other teachers re-elected were: Mrs. C. R. Stiles, Mrs. J. H. Humphries, Alice K. Betts, Bertha B. Espy, Helen M. Crandall, Tillie Horton, Mary M. White, Lou A. Young, Charlotte Lewis, Eliza McKean, Saidee Elliott, Aurelia Bresee, Mary L. Hoag, Nora C. Mahany, Charity C. Webb, Ruth Gordon, Kate Noble, and Louise M. Ingham. They will all receive the same salaries as last year.

Janitors Re-Elected.

The following were re-elected janitors for the ensuing year: Jacob Alles, First ward; George B. Sammons, Second ward; George B. Winters, Third ward. They will receive the same salaries as last year.

Charged With False Pretense.

G. C. Bump was placed in the county jail by Constable Fenner of South Towanda Tuesday morning, having been committed by 'Squire Thompson to await the action of the next grand jury on a charge of false pretense. Bump, it is alleged, represented himself as an agent for an insurance company and transacted business with Edward Considine and other South Towanda people, who paid him money. Some of the people, it is alleged, wrote the company and were informed that Bump was not an agent, whereupon he was arrested and will now have to answer to court.

Towanda Township School Board.

At the annual meeting of the Towanda township school directors Monday evening, organization was perfected by the election of W. A. Ferrel president; L. D. Hatch, secretary, and Ulysses McGill, treasurer. The following teachers were elected: Misse Mary Smith and Minnie Knowles o the township, and Misses Nan Burchill and Mary Gorman of Towanda borough.

A Bold Hold Up.

When returning to their home in Sylvania one night the past week Fred Cannedy and George Keyes were held up in front of Edward Redington's farm one mile West of Troy, but the young men succeeded in getting away, after whipping the horse, and shots were fired after them by their assailants.

WINDHAM SUMMIT MAN MISSING.

Samuel Walker Mysteriously Disappears From His Home.

Samuel Walker, a well known and highly respected farmer, disappeared from his home at Windham Summit Thursday as completely as though the earth had swallowed him, and all efforts to locate him have proved futile, as he left no clue which would lead to his whereabouts.

He was working in a field yesterday morning and about 11 o'clock went into the house complaining of the heat. An hour later the family thinking he was in the barn called him to dinner, but he failed to answer. They searched the barn but could not find a trace of him. The neighborhood was alarmed and in a short time the farm and adjoining ones had been carefully gone over.

Mr. Walker was 66 years old, weighing about 140 pounds. When last seen he was dressed in his working clothes, consisting of a black and white shirt, dark vest and overalls. He wore a straw hat, but no coat. He has a gray moustache. His family fear that some harm has befallen him. He was apparently in his usual state of health and nothing queer was noticed about his actions. Any information will be appreciated if telephoned to Ira Walker of Nichols.—Athens News.

Verdict For Plaintiff.

The case of Henry Updyke vs. Welby Updike, a question of account, was heard before a board of arbitrators consisting of J. Andrew Wilt, W. F. DeWitt, and Charles H. Saxton, in Dewey hall at Gillett, and resulted in a verdict for the plaintiff. The case was commenced Wednesday morning, and was in progress untill 4 o'clock Friday morning when it was concluded, the arbitrators returning a verdict of $227 in favor of the plaintiff. Stone & Brooks represented the plaintiff, while D. J. Fanning and William Maxwell represented the defendant.

Fell From Caboose.

R. S. Taylor, a Lehigh brakeman, fell off his caboose at Laceyville at 11:40 o'clock Thursday night, and received some injures about his head and right hip. He was standing on the step in order to get an order from the operator at Laceyville, and losing his balance fell off. He was taken to Sayre on No. 3, and placed in the hospital.

Convicted of Arson.

Earl Austin, charged with arson in setting fire to the handsome farm house of William Jewald, in Richmond Township, a mile East of Mansfield, on the night of Feb. 12, last, was convicted in county court at Wellsboro at 1:30 on Friday morning last.

Invitations Issued.

Mr. and Mrs. Charles Clearwater of Sayre, have issued invitations for the marriage of their daughter, Grace to Percy H. Jackson, to take place at the home of the parents on Thursday evening, June 11.

EAST SMITHFIELD.

Memorial day of 1908 has passed into history. Being sacred to the memory of the country's heroes it brings sad memories but also a joy in realizing that we are a united and strong nation. The home coming and family visits, the hand shakes with old friends who meet only that one day of the year, is a pleasant feature. This year has been unusually pleasant, especially for the veterans and many intimate friends of Rev. J. P. Tapping, who enjoyed listening to his eloquent address on Memorial day. Miss Clare Russell, the granddaughter of a veteran of two wars, the Mexican and the Civil wars, recited a beautiful selection. In the forenoon several of the veterans and some others drove to the old Christian church in the Southern part of the town and to the turnpike church where brief ceremonies were held and graves decorated. Rev. S. A. Califf gave a brief address at the Christian church and Rev. M. Schuyler at the turnpike. The turnpike choir sang songs appropriate for the day which with recitations by the children added to the interesting program. It should be mentioned that Orrin Wilcox and D. W. Lane go every year to the old cemetery on Allen Hill and place flowers on the graves of soldiers buried there. Also that the children had a flag drill at the church before the beginning of the program Saturday afternoon.

Rev. J. P. Topping, by the invitation of Phelps Post, came from his home in Melrose, near Boston, Mass., last Thursday and returned Tuesday, June 2. He preached in the Church of Christ Sunday at both services.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

POTTER CO. DOCTOR INSANE.

Boyertown Residents Change Minds as to the Great Opera House Fire Which Resulted in Fearful Loss of Life—Other State Happenings.

Ali Pittsburg has become worked into a frenzy over a spelling contest which is to take place in Cleveland, O., between 15 of the best spellers of each of the two cities, on June 29.

A pretty young girl of Erie on Saturday evening offered to sell some of her clothing in order to get enough money to procure a marriage license, as the young man she loved was too poor to pay for the license.

Because of a bitter feeling against the new pastor no service was held on Sunday in the handsome St. George's Lithuanian church in Shenandoah, which cost $45,000. The trustees kept the church locked and guarded all night.

The large fly-wheel of the 350-horse power engine of the Nazareth electric plant burst on Saturday night and wrecked the building and engine. Several pieces of the immense wheel were hurled through the wall of the building a distance of 600 feet. No one was hurt.

A few months ago many of the residents of Boyertown were very indignant because the Berks county authorities did not hold Deputy Fire Inspector Bechtel for trial because of his alleged failure to properly inspect the theatre which was burned last Winter and now they are signing a petition to have him reinstated in his former office.

The indications now are that the hay crop in the Eastern part of the state will be unusually large and some Chester county farmers are worrying what to do with all of it and are growling because they fear the big crop will mean low prices.

A three years old daughter of William Starliper of near Mercersburg, was playing near her home when she was stung by a bee. Household remedies were applied to relieve the pain, but her body began swelling rapidly and she died in an hour.

Twenty women who participated in a street riot at Northumberland last Friday, when they attacked a number of non-union strike breakers working in a hat factory, were each sentenced to pay a fine ranging from $20 to $30 in court at Sunbury on Monday.

Early on Monday morning fire broke out in the home of Andrew McNeely, a truck gardener residing in a suburb of Pittsburg, and while making a desperate effort to save the picture of his wife, who had but recently died, he was fearfully burned and barely escaped a horrible death.

Mrs. John Hayes of Conshohocken, Montgomery county, while in Philadelphia a few days ago, was run into on a Market street crossing by a girl wearing a "Merry Widow" hat, the sharp rim of which struck her on the forehead and sawed a cut above the eye an inch and a half long, which has since become very sore.

A man of Norwood, Delaware county, on Tuesday went to the care taker of Prospect Hill cemetery, at Prospect park, and requested a grave to be dug for a child. When asked when the funeral would take place he said he couldn't tell as the child was not dead yet, but was at the point of death so he thought it best to make arrangements for the digging of the grave. The grave was not dug.

The office of the recorder of deeds at Media contains a record of a mortgage given by William Reed to Robert Smith, on the 27th of October, 1787, for 45 pounds four shillings, the property affected being "a negro woman" and "a negro boy, a slave, named Peter, aged 10 years." Another record shows that the slaves afterward died at Forks of Brandy-wine. Efforts have been made to locate the graves of the negroes, and it is not unlikely that in the search something interesting in regard to them may be revealed.

Ezra Reist, of Manheim, Lancaster county, has just received from a Philadelphia drug house $75 for a four-year crop of ginseng grown on a patch of ground 16x24 feet. At that rate an acre would yield a crop worth $8,000 or $5,000 per year.

Michael Trabosh of Pottsville, aged 15 years, on Wednesday fell from a wagon piled high with lath, landing on the back of the horse. The animal plunged forward, threw the boy on the ground and the wagon passed over him, crushing him to death.

While William Jones of Mahanoy City, was cleaning a horse on Wednesday he noticed the horse was in danger of choking to death when he thrust his hand down the animal's throat and drew out a $20 gold piece which the horse had evidently taken up while eating his feed.

George John of Shamokin, found a burglar in his home early on Wednesday morning. First he felled him with a blow from a stove poker, then pounded him till he cried for mercy. Then he dressed his wounds and telephoned for a policeman, who locked him up.

Health Officer J. K. Thompson of Bellisville, Washington county, on Wednesday had T. Jeff McRoberts of the same place, arrested for refusing to permit the fumigation of his house after an epidemic of whooping cough. It will be made a test case and if sustained other arrests will follow.

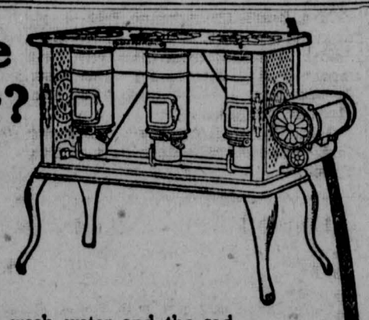
What Stove for Summer?



Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do the "New Perfection" will do, and *do it better.* Bakes, roasts, boils, toasts; heats the wash water and the sad irons, and does it without dissipating its heat through the room to *your* discomfort. The

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

actually keeps the kitchen cool—actually makes it comfortable for you while doing the family cooking, because, unlike the coal range, its heat is directed to one point *only*—right under the kettle. Made in three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo LAMP** affords a mellow light that is very grateful to tired eyes—a perfect student or family lamp. Brass, nickel plated, hence more durable than other lamps.

Joseph Krantz.

Joseph Krantz, one of Meshoppen's most industrious and respected citizens, was stricken while at work at the stone mill Tuesday morning, May 26, about 7:30 o'clock, and died without a struggle. He was at work on a car of stone, and fellow workmen noticed that he was falling and made an effort to catch him. He was carried to the office and Dr. Snider was called who pronounced him dead. He showed no signs of being sick only to his family that morning he remarked that he felt very tired, but was in his usual happy mood when he left his family not over an hour before his death. Coroner Dr. W. M. Cress of Tunkhannock, was notified who went to Meshoppen and empannelled a jury who brought in a verdict of death by appoplexy. The deceased is survived by his wife and two children, Jeanette and Willie, who reside at home.

Anna Theresa Sweeney.

In the most beautiful month of the year, when the face of nature is blooming with the flowers of Summer time, the soul of Miss Anna Theresa Sweeney found refuge in her eternal home. Miss Sweeney's death at this beautiful time was a fitting climax to a life of sweetness. Always given to noble high minded thoughts she never failed to impress all with whom she came in contact. When sickness came she accepted it with the patience which always denotes the calm, steady soul within; and when Almighty God saw fit to change her sufferings from a gradual slipping away from earthly evils to hours and days of intense pain, even then not one word of complaint was heard to pass her lips. A young and lovely girl cut off in the morning of life, surrouned by sorrowing relatives and friends who tenderly cared for her in her last sickness her sweet soul went out with the blackness of the night and when dawn shone clear and bright we feel that then, too, fled all her sufferings and sorrows and she opened her eyes on the brightness of eternal glory. As she lay surrounded by choice floral offerings, so must she as pure and white have graced that heavenly procession to sing the praises of Him whom she had served so faithfully. Since the death of her brother, the late late Edward F. Sweney, who was well known in this vicinty, she had made her home in Albany, N. Y., but when sickness came to her last March she returned to the home of her aunt, Mrs. Ellen Geary of Bentley Creek, Pa. Everything that medical skill could do was done to restore her to health, but to no avail, and on last Saturday evening she passed peacefully away, surrounded by those who had so tenderly cared for her during her last sickness. In her last moments when the shadow of death was stealing over her countenance, the expression on her face thrilled the few about her with alternating joy and sorrow. They knew that she realized that the end was near and she was happy for she was prepared. Just before the heart stopped she turned her eyes upon her devoted aunt and smiled sweetly, thus her face remained in death. She was 19 years old last January. The funeral was held from the church of Our Lady of Perpetual Help, Ridgebury, on Tuesday morning at 10:30, Rev. Father Gorman officiating. The beautiful casket was impressively borne to its last resting place by Messrs. John Butler, James Leary, Nicholas Dunfee, Thomas Chambers, and Timothy Collins. Deceased is survided by her father, Dennis Sweeney, her aunt, Mrs. Geary, and family, her uncle, Daniel Sweeny of Waverly, Timothy Sweeney of Ridgebury, an uncle, Michael Mack of Albany, her aunts, Misses Nellie, Minnie and Kathryn Mack, also an uncle, James Mack of Elmira.

Church to Be Reopened.

The Congregational church at LeRaysville, will be opened on Sunday, June 7. The Rev. A. E. Ricker, State Secretary of the Home Missionary society, will preach both morning and evening, and all are cordially invited to be present. The church has been completely renovated and re-modeled with new stained glass windows, chancel, carpet, and the substitution of gas for oil as an illuminant, the main expense being borne by the United Workers, and the result being one of the most handsome interiors in the county. The alterations have interferred to some extent with the usual services, but the regular order will be maintained from Sunday with, it is to be hoped, increased efficiency.

Father Connelly's Will.

By the will of Rev. William H. Connelly, formerly pastor of St. John's church at Troy, who died at Hazleton a few days ago, property valued at several thousand dollars was divided, relatives being the chief beneficiaries. He makes the following bequests: To Minnie Connelly, Scranton, $500; to Genevieve Connelly, a niece, $1,000; to Anna Connelly, a niece, $1,000; to Mary Frances Connelly, a niece, $1,000; to Charles Connelly, Scranton, a brother, $50; to sons of Albert Connelly, a brother, $50; to children of John Connelly, a brother, $50 each; to Nora Clancy of Canton, Pa., $200; to Peter Cane of St. Mary's Seminary, $200; to Rose Connelly, a sister-in-law, of Honesdale, $200; to St. Vincent De Paul society of Hazleton, $150. The personal property in the Hazleton residence is to be divided between Genevieve, Anna and Mary Connelly, three nieces. The executor is F. J. Ronon of Canton, Bradford county.

Illegal Fishermen Captured.

Game Protector and Fish Warden Shoemaker, yesterday morning swooped down upon Lyman Heeman and Charles Hightop Vanderpool, who were operating outlines in the river at a point near Homets Ferry. Upon examination he found that the outlines were not tagged according to law, that live bait was being used, and that he lines were allowed to remain in the water after 7 a. m., all of which is contrary to law. Heeman and Vanderpool, together with 41 eels and the other fish caught on the line were brought to Towanda and before 'Squire Orcutt, the two fishermen were charged with illegal fishing. They gave bail for a hearing next Thursday.

Marriage Licenses.

June, the month of sweet girl graduates, beautiful brides and fragrant flowers, starts off well in the matrimonial line, there being two marriage licenses issued on Monday, the first day of the month. They were to William Elklor of Sheshequin, and Bessie Doane of Rome; James Lattin of Millport, N. Y., and Fannie Willcock of Waverly.

New Postmaster Was Not "Slated."

A news dispatch from Williamsport says: "Announcement here that Allen P. Perley, president of the West Branch bank, had been appointed postmaster for Williamsport created a furore among the Republicans, among whom there were three or four candidates. The appointment of Mr. Perley was so unexpected that it came like a thunderbolt.'

Has Another Good Horse.

Paul E. Maynard, Esq., of Athens, who recently lost Governor Flower, a valuable stallion, has purchased from New York state parties, Sable Baron, a fine blooded horse, and has him quartered at Athens. Sable Baron is a half brother of Oakland Baron with a record of 2:09¼, and is claimed to be the best young stallion ever brought into Bradford county.

Dickinson—Maynard.

The residence of Mr. and Mrs. Nelson A. Maynard, a mile West from Troy, was the scene of a pretty wedding Thursday evening of last week, when their daughter, Ella A., became the bride of Lacelle Dickinson. The rooms were decorated with flowers and potted plants and in the presence of 125 guests the ceremony took place at 7:30 o'clock on the porch under an arch of spirea and greenery. Miss Naomi Dickinson, a cousin of the bride, played the wedding march. The bride wore a gown of white point d'esprit and carried bride's roses, and her maid of honor, Miss Zoa Rockwell of Elmira, was attired in pink and carried pink carnations. The groom was attended by his brother, Hartley Dickinson. The three flower children were Isabel Case and Nelson Case, niece and nephew of the bride, and Robert McKean. Rev. Otto L. Nichols performed the impressive ceremony. A fine wedding supper was served the guests following the congratulations. The bride was the recipient of many beautiful presents. Mr. and Mrs. Dickinson left for a wedding trip and on their return they will reside in Troy. The groom is an employe of Contractor C. J. Case.

Adjournment Taken.

The case of the Independent Telephone company, a co-operative concern doing business in New Albany, vs. the borough of New Albany, an action to have the poll tax levied by the borough removed, was heard before Judge Fanning yesterday afternoon in the judge's chamber in the court house. Witnesses were placed on the stand and evidence was taken to substantiate the claims of the telephone company after which adjournment was taken in order to allow the borough time to make answer, William Maxwell, Esq., represented the telephone company, while Attorney William E. Lane, represented New Albany borough.

Towanda's New Evening Paper.

The Evening Advertiser, Towanda's new daily newspaper made its initial bow to the people of the City of Promise Monday. It is published by the Keystone Publishing company with an office on Main street, and will according to its saultatory be an independent publication. It is a four page, six column paper, two pages being ready print, and its first issue is a creditable one under the circumstances. The name of its editor is not made known the editorial column being silent as to that fact.

Released on Bail.

Charles E. Chilson, who was brought from Ulysses, Potter county, last week by County Detective McCracken, was arraigned before 'Squire Orcutt Monday afternoon on a charge of desertion preferred by his wife. As Mrs. Chilson is ill and could not be present, the defendant husband was admitted to bail in the sum of $300 for September court, his father becoming his surety. S. Bergen Park, Esq., represented the defendant.

WENT INTO THE FLAG BUSINESS.

Lewis Chilson Started Out to Supply Town and Lands in Jail.

Lewis Chilson, a young man recently returned from the Huntingdon reformatory, stole 21 dozen flags from W. K. Betts's store house Friday evening, and Saturday morning started out to supply the town for decoration purposes for Memorial day, and now he is in jail awaiting a hearing on the charge of larceny and burglary.

W. K. Betts, since disposing of his store in the Foster block, has had a quantity of goods stored in a barn near Second street. Chilson, it is claimed, broke into this barn Friday night, and stole 21 dozen of the flags. He secured the services of a couple of little boys to help him sell them, claiming he was working for a man in Corning.

Saturday morning Chief Miller came across Chilson while he was selling the flags, and as he could not explain where he got them to the satisfaction of the chief, he was taken into custody and placed in the lock up. Then the chief went to work on the case, learned where he had stolen them from, had Chilson identified by some of the people to whom he had sold the flags, after which he was placed in the lockup to stay until after the Memorial exercises, when he was to be formally charged and arraigned before a justice.

In the meantime, County Detective McCracken had been at work on the case, secured a warrant from 'Squire Orcutt, Mr. Betts swearing to the same, after which he went to the council room where the prisoner was turned over to him by Chief Miller, and taken to the county jail to await a hearing.

Chilson has been in several similar scrapes, and was arrested by Chief Miller a few years ago on a charge of robbing Holmes & Passage's music store which was then where M. C. Wells's music store is now located. For this offense Chilson was sent to the Huntingdon reformatory, from which place he only recently returned.

MISSING MAN RETURNS HOME.

Samuel Walker Reappears as Suddenly as He Disappeared.

Samuel Walker of Windham, whose mysterious disappearance was recently noted, as mysteriously reappeared Sunday morning. Hundreds of men had been scouring the county in search of him, but no trace was found. While the family were at breakfast Sunday morning he suddenly walked into the house.

It is reported that he has little recollection of the time between Thursday noon and Sunday morning and now it is not entirely clear at all times in his thoughts. He says he remembers going across the fields and thinking that the officers were after him he ran into the woods. He finally came out within sight of Sayre. Being tired he went to sleep and when he awoke again found himself several miles further away. Later he tried to sleep again, and when he awoke again, found himself within sight of Towanda. He finally recovered enough to find his way back home.—Athens News.

Farmer Invents Potato Planter.

A Jersey Shore farmer about six years ago made himself a home-made potato planter which he has successfully used ever since and his neighbors occassionally borrow it. It is built on two runners, upon which is a platform on which the dropper stands. A hopper that holds a couple of bushels is in front of him and, while a driver looks after the horses, he drops the pieces of potatoes into the end of a tin pipe that extends down to the rear of a shovel plowshare, set vertically. Just back of the pipe are two cultivator teeth set so as to throw the soil over the potatoes after they are dropped. It does good work and the tubers are planted very rapidly by its use.

Hard on Workmen.

The Potter County Democrat of Friday says: "The saw mill of the Central Pennsylvania Lumber company at Mina will be closed Saturday for a length of time not specified in the notice of the shut down. This will cause 70 men to lose their jobs. The trains which haul logs to the mill will also cease operations, and 20 more men will have to look for other positions. The kindling wood factory, which depends on the mill for its stock will close in about a week and 35 employes will have to look elsewhere for work."

Double Mail Service.

Says the Montrose Republican: "A double mail service was inaugurated on the Montrose branch of the Lehigh Wednesday. The afternoon train will carry a postal car, same as on the morning trip. This is the first time in the history of the Montrose branch that complete mail service has been given, and it was instituted in response to a petition signed by hundreds of patrons along the line."

Work Resumed.

Work on the Sayre town hall, which has been suspended for the last two weeks, because of the non-arrival of some of the large timbers for the floor of the building has been resumed. The lumber which is of heavy Georgia pine is being unloaded and some of the heavy timbers have been already placed.

Big Crowd at Dance.

Eighty-five couple and a large number of spectators attended the dance in Eagle hall Saturday evening given under the auspices of Clancy and Kramm's double orchestra. The music was excellent, and every one of the dancers had a jolly time.

IN AND OUT OF JAIL.

John Kobacs Just Out of Durance Vile, Steals Suit of Clothes.

John Kobacs, a foreigner, who was released from the county jail Thursday morning, is back among the guests over whom Sheriff Griffin presides as host. He stole a suit of clothes and a hat from Kaufman's store Thursday night, and now faces a longer term of imprisonment.

Kobacs was loitering around the alley back of the jail waiting for a friend whose time in jail was to expire yesterday. A rear window in the Kaufman clothing store was up and while no one was looking Kobacs stole a suit of clothes valued at $12 and a hat valued at $1.50.

He retired to the jail barn where he donned the stolen clothes and then took up the wait for his partner again. Friday morning Deputy Sheriff Ward saw him, and noticing the new suit which he was wearing was several sizes too large, he notified County Detective McCracken who commenced an investigation with the result that it was learned that the clothes had been stolen from Kaufman's. Kobacs was taken into custody, and upon being arraigned before 'Squire Orcutt entered a plea of guilty to the charge of burglary and larceny. He was remanded to jail to await the action of the court.

THE TAX REMAINS.

Commissioners Will Not Strike Off Levy on Sayre Railroad Shops.

The county commissioners have decided not to strike off the tax levy on the Lehigh Valley Railroad company's shops at Sayre, and unless the courts decide differently, the Lehigh will have to again pay taxes amounting to about $30,000.

It will be remembered that last year Sayre borough and Sayre school district levied a tax on the Sayre shops, on the grounds that the shops were held in the name of the Consolidated Real Estate company. The tax was paid, and this year the same levy was made.

To avoid the payment, the shops were transferred from the Consolidated Real Estate company to the Lehigh Valley Railroad company, as railroad property is not taxable in this State, but Sayre objected, and have made a strenuous fight against the avoidance of paying the taxes. The matter was heard before the commissioners a couple of weeks ago, and now they make public that they have no authority and will not strike off the levy. There is talk of a settlement by both parties making concessions, but the chances are the matter will be carried into the courts.

Successful Operation.

Miss Jennie Kinsman, daughter of Mrs. H. M. Heath of Towanda, is recovering from an operation performed last Friday in the German hospital in Philadelphia. She has been a great sufferer with abcess of the ear for the past year, this being the third operation she has submitted to. A large piece of the skull had to be chiseled out, and the operation was a very difficult one, but proved successful, and Miss Kinsman is now on the road to complete recovery.

New Albany Will Celebrate.

The good people of New Albany will celebrate the ever glorious Fourth in a fitting and noisy manner. There will be music by a big brass band, athletic sports, parade, lots of fireworks but no firewater. For the thirsty there will be plenty of lemonade, spring water and all kinds of pop, not to mention pink tea and real black coffee.

Dates Changed.

On account of the Old People's day and "Homecoming day," on June 26 and 27, the dates of the soldiers' and sailors' encampment at Mountain Lake have been changed to Wednesday and Thursday, June 24 and 25, so as not to conflict with the meetings under the auspices of the Bradford County Historical society.

What Do They Cure!

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

TOWANDA, PA., JUNE 4, 1908.

THE WORK OF CONGRESS.

Congress adjourned last Saturday night and there is a feeling of relief throughout the country because its session is over. In its record, as a whole, the balance to its credit will be small, if any. It spent more money than any session in the history of the country and it failed to pass much needed legislation which the people wanted. That is the debit side of the session. On the credit side may be found the Employers' Liability bill, the Currency bill, and the passage of much minor legislation that will tell largely in its favor. But these minor and negative virtues are so overshadowed by the predominant avoidance of intelligent progress that the record of the session can not be regarded as one of strength.

Of some of the measures which were urged upon Congress it may be said that it was wise to avoid their enactment. The proposition to extract the teeth from the anti-trust act was a leading example of that class. On the other hand, such measures as the Campaign Publicity bill, the Forest Reserve proposition, and the systematic inauguration of internal waterway improvements, should not have been suppressed. No one can doubt that if Cannon and Aldrich devoted half the energy to getting a vote on the Campaign Publicity measure that they gave to forcing the Currency bill through at the close of the session, the more creditable measure would have been enacted.

The Currency bill, which will probably stand as a characteristic measure of the session, outside of its championship in expenditure, is a peculiar illustration of the fault of avoiding the wrong thing. It was urged to meet a political emergency rather than a financial one. But since it compromised by incorporating features which offend both financial schools it cannot be regarded as a political success.

As to making future panics impossible, that can never be done so long as men will speculate and inflate and expand their debts to insecure proportions. A Congress so anxious to avoid political mistakes might have thought twice before antagonizing the proposition that would have given assured value to the railroad bonds admitted as security for circulation. Even more, it should never have betrayed itself into an open exhibition of holding the Public Buildings bill as an inducement to influence the votes of members for the ordained Currency bill.

The appropriations of the present Congress for war purposes—for the army, the navy and for pensions, foot up close to $400,000,000 or about 40 per cent. of the total. For civil administration the largest item is for the postal service, to which $224,000,000 is appropriated, but most of this comes back, of course, in the postal revenues. Enormous as are the general appropriations for the coming year, they represent only what remained after a vigorous pruning of the estimates, such important objects as the proposed forest reserves, for example, being allowed little or nothing. The rapid increase in the national expenditures is easily explained by the constant extension of national activities, even beyond the naturdal growth of the country. The great sum appropriated at this session becomes serious only in consideration of the fact that it is largely in excess of the estimated revenues. This will further complicate the question of tariff revision next Winter by making it necessary for Congress to provide more revenue rather than less, since there appears no likelihood of lessened expenditures.

If you don't just like everything you see in your home paper, go around the streets and howl. The editor is never supposed to make a mistake, and, of course, cannot do so. Other people can, but the editor is ubiquitous omniscient, omnipresent, omnipotent, omnivorous. If you can't see a good point, don't fail to see a bad one. If a thousand pleasant things are said of people, hunt for something unpleasant. If you don't find it, howl some more; if you do; bowl anyway. Never mind your own business; watch for something to find fault with in some other man's business; this will make you great.—Mansfield Advertiser.

Statistics prove that people who eat the heartiest breakfast live the longest. This is for you wives who think a dish of force and a cup of coffee is plenty for the morning meal of the old man.

SHIELDS FOR SENATOR.

After a contest lasting over six weeks the Senatorial fight in this district has been amicably settled and the county commissioners will certify to the nomination of Moses Shields of Nicholson, as the Republican candidate.

The controversy for this office has been a most animated one and for a time threatened to destroy the party and send another Democratic Senator to Harrisburg. The vote was close. Shields' majority at no time being more than eight and falling as low as one while the count was in progress.

Both candidates had filed petitions asking that many ballot boxes be brought in and it began to look as though this would be kept up until the entire vote had been recounted.

About two weeks ago the Republican leaders took the matter in hand and arranged for a conference between the candidates and their attorneys, when an amicable settlement could be reached.

Several conferences have been held within the past ten days which finally resulted in settlement Thursday. As a result it was officially announced Friday that Mr. Cross had withdrawn his contest and that Mr. Shields would be certified to by the commissioners as the Republican Senatorial candidate in this district.

This will be welcome news to the Republicans of the district, as it will practically insure a victory at the November election. While Mr. Cross' friends will be disappointed at the outcome, they felt that such action was necessary and speak very highly over the course he has taken.

His opponents of course commend the action and say that his willingness to sacrifice his personal ambition for the sake of party success will make him much stronger if he again seeks political honors.—Susquehanna Transcript.

Canada is afraid of the United States. Its suspicions have broken out in a new spot. They have examined the maps of the cold North, and found what they term a good many American names, which leads them to think that the United States has taken possession of such islands. It is proposed to post an expedition off to the North to investigate. Canada will know better than to go to monkeying with any of the islands connected with the purchase of Alaska from Russia, and anything further than that will not be worth a quarrel even with Canada. Uncle Sam is not over anxious to invest in ice covered land. He is running more to the Sunny South and the tropics.

The Argus, Bradford county's oldest newspaper, this week entered upon its 76th year of continuous publication, and the older it gets the better local newspaper it is. The name of Parsons has been at its head so long, that to remove it would be taking away part of its charm. E. Ashmun Parsons, the present owner and editor, is one of the old-fashioned newspaper men, and every sentence in The Argus breathes of him. The Argus is not so pretentious as some newspapers, but it is original, and that is what counts in newspaperdom. Here is to the continued success of Brother Parsons and "the old reliable Argus."

Within the last year 396 newspapers in the United States have suspended publication. The high price of paper and the increased cost of material and production, with sharper competition are given as the causes for these journals going to the boneyard. During the time the 396 papers were suspending The Review gained 600 new subscribers and earned the reputation of bing the best small city daily in the country. If you doubt this compare The Review with any other paper published in a town the size of Towanda, or ask a competent judge.

Now is a good time for every man who owns a property and as well for very man who rents, to clean up the premises or have them cleaned up. A couple of hours work with hoe, rake and shovel, a few nails and pieces of boards, a little bit of paint judiciously applied will make a wonderful difference. And if there is added the putting of grass in every little bit of soil available for the purpose, the whole will make a great contribution to the general beauty of the City of Promise.

The great aim of Marshall Field & company, Chicago, has "a business creed" which reads this way: "To do the right hing, at the right time, in the right way, to eliminate errors, to know both sides of the question; to be courteous; to be an example; to work for the love of work; to anticipate requirements; to develop resources; to recognize no impediments; to master circumstances; to act from reason rather than rule; to be satisfied with nothing short of perfection."

A correspondent of the Philadelphia Press asserts that the purest English is spoken, not in England, the home of the language, nor in Boston, the seat of the highest culture, but in the North of Ireland. The English used there is said to be free from idioms and slang, and almost absolutely the language of Shakespeare and the Bible.

All of Europe is looking and preparing for a vast number of American travelers and tourists the present season. Dullness of the times here and the shuting down or partial ceasing of opperations by a large number of manufacturing establishments will give the proprietors opportunity to travel.

All the news while it is news.

THE PRICE WE PAY.

With the approach of the Fourth of July we shall read the usual dissertations of the barbarity of the people of the United States in their method of celebrating Independence Day, of the lives sacrificed, and the numbers injured by fireworks, and explosions of powder, etc. The current number of The Century Magazine says, the fitting celebration of Independence Day is a question on which patriotic Americans are separated into widely divergent parties, one claiming that it ought to be observed as noisily as possible, the other believing that our national birthday is too glorious an occasion to be marred by din and disorder. Of course we know that even among those who favor a boisterous observance there are many who cannot tolerate it themselves, and escape to the country in order to avoid the tortures of the "awful Fourth;" just as we know that a large proportion of the noisemakers, including the small boy and the big boy, too, is heedless, if not ignorant, of all that our holiday stands for, and thinks of it only as a time when clamor may reign unrestrained.

The figures which indicate the price that we pay for each of our yearly celebrations are so appalling that one would suppose a knowledge of them would be the most powerful deterrent to our annual massacre. This, unfortunately, is not the case. For the past five years the Journal of the American Medical association has endeavored to collect statistics setting forth what the celebration of the Fourth costs in life and human usefulness; and although these are admittedly incomplete—compiled as they are, almost entirely from newspaper reports instead of from records of hospitals dispensaries and physicians—they form the gravest possible arraignment of the recklessness which is willing to pay such a price for a "jolly day." They show that during the celebration of five national birthdays, from 1903 to 1907, inclusive, 1,153 persons were killed and 22,520 were injured! Of the injured, 80 suffered total, and 389 partial, blindness; 380 persons lost arms, legs or hands, and 1,670 lost one or more fingers. But these figures startling as they are, convey only a faint idea of the suffering, both physical and mental, which went well to swell the total cost of these five holidays; in this we must also include the weeks and often months of anguish of the injured, the suspense of entire families while the fate of some loved one hung in the balance, the horror of a future of sightless years, the pinching poverty now the lot of many because of the death or maiming of the breadwinner.

THE SENATORSHIP.

The amicable settlement of the senatorial controversy is a result over which every Republican will rejoice. The long drawn-out dispute had already gone so far that it had created a bitterness among Republicans of the district that boded no good for the success of the Republican nominee for senator, while it seriously threatened also the success of some of the local nominees in this county. With that cause of discord removed the party will now give its united support to Mr. Shields.

Mr. Shields is a candidate who is certainly worthy of the support of the Republicans of the district. His course during the canvass for the nomination and the trying events that succeeded has been that of an honorable, fair-minded gentleman. Throughout the fierce storm of abuse, invective and villification that has been poured out upon him he has bourne himself with quiet dignity and poise. The good that was in him was made only the more conspicuous because of it and his self restraint and good sense under the severe strain have gained him the friendship and confidence of all. He is a good man, a strong candidate and should have the support of every Republican in the district. That he will be elected there does not now appear to be any doubt.

Enemies of Roosevelt are flooding the country and newspaper offices with articles and circulars charging him with having brought on the dull times in this country. These attacks on the President fail to state the cause of the existing globe-wide business depression, a condition that came upon Europe and Japan before it was observed or mentioned in the United States. When politicians begin to talk for effect they prove themselves to be the greatest liars on earth.

The Altoona Tribune is becoming optimistic; for it says "there will doubtless arrive a period in the history of the world when no man who is willing to work will lack honorable employment and when labor and capital will dwell harmoniously together in the spirit of true brotherhood." Help it along—that period.

The American Flag association has issued a circular letter, calling attention to the fact that Sunday, June 14, will be the 131st anniversary of the adoption of the stars and stripes as the flag of the United States, and that the day will be celebrated this year on Monday, June 15. Don't forget the date.

The way to get accounts of deaths, accidents, marriages, births, church doings, parties, and anything else reported in the newspaper, is to take up your quill, write down the facts and mail or give them to anyone connected with the office. All news items are appreciated.

If you are out of employment in town or city, get out into the country and till the soil. There are millions of idle acres of land in America awaiting stirring to be made productive of a good living for as many people idle as there are idle acres.

PITY PATERSON.

It is well known that the worst anarchistic ridden city in the whole country is Paterson, New Jersey. The Italian newspaper, the Social Question, published there, has been the bitterest, most outspoken anarchistic journal in the United States. In almost evry issue it advocates the seizure of police stations, the burning of public buildings and the capture of armies.

The President called attention to such incendiary sheets only a few days ago, and recently Judge Minturn of Passaic county, in which Paterson is situated, also took up the question in his address to the grand jury that had been impaneled, and among other things said that "articles such as these would appeal to men of intellect as being of a humorous nature were it not for the fact that there are cracked-brained individuals in evry community who might be influenced by them. Two Presidents have already fallen victims to individuals who were led on to commit murder by reading just such articles. Within your own knowledge and mine a reputable clergyman, formerly of this city, who went to another state to minister to the people there, lost his life at the hands of a misguided individual who had been a reader of incendiary literature. All common law is founded on the safeguarding of the people. The people make the laws, and the teachings of the anarchists are humorous inasmuch as they teach the people to seize authority that is already theirs. I call upon you to perform faithfully the duties prescribed by your oaths of office. The editor of this paper, the publisher of it and the person responsible for the circulation of it should be indicted."

A RIGHTEOUS DECISION.

The supreme court of the commonwealth has recently decided that the health department has sufficient authority over the streams of the state to prevent their continued defilement. This is one of the most important decisions ever recorded, affecting as it does the health of millions of men, women and chilren, says the Altoona Tribune. It likewise makes an end of a long-standing controversy. The contention that the state has no rights which compel municipal or other corporations are bound to respect meets ignominous defeat.

Cities that have persisted in emptying their sewage upon towns below them, using the stream as a convenient means of disposal, will now be compelled to resort to other methods if the state department of health undertakes to enforce the law, as we think it will. This will mean the expenditure of large sums of money by some of the municipalities, but better that they be put to expense than that the lives of so many millions of innocent persons be longer endangered by the poison deposited by sewage in the streams. Once the remedy has been made effective there will be a decided lowering of the annual death rate.

Other corporations besides cities and towns, we suppose, will also be required to obey the stream-cleansing rules of the state health commissioner. Some of them have insolently defied public sentiment and endangered public health for years. It suits them to deposit their useless waste products in the streams and that is what they have been doing. Things will soon be different.

THE WOMANLY WOMAN.

The highest ambition of the womanly woman, when she becomes a wife, will be to make home attractive to her husband so that he may find his best happiness there. You will never hear her complaining of this being too narrow a sphere for a woman's life and energies; for she is wise enough to know it is anything but an easy task she has set herself, and she realizes, too, that the influences for good of such a home are not confined within the four walls which form its visible limits, but that they affect to some degree every one who enters it, and that they will extend onward for generations. If she be poor, it will of course, require much more personal effort and sacrifice to make the home just what it should be, but she will accomplish it all the same. Should she have wealth it will be her great pleasure to adorn the home with everything which comfort and good taste dictate, and she will arrange all her domestic affairs so that everything will move in an orderly and systematic way, and yet without a too evident sound of the machinery. She may have artistic or literary talents and aspirations but she sacrifices them without hesitation to this stronger ambition, unless she can make them contribute in some way to the happiness of home.

The tobacco trust which has been hauled into the United States court denies that it is a trust or in any way a monopoly. It is admitted that the business of the combination or whatever name it chooses to take has been sharp and vigorous and conducted with a view of knocking out competition, but it is denied that it is a trust or monopoly. Perhaps they think they are talking to the breezes.

More men work for the United States Steel company than for the United States government. No wonder the steel trust is so hard to regulate.

A spider eats 27 times its weight in one day. Among the things for which a man can be thankful, at the present price of marketing, is that he is built on another plan.

A good long walk each morning, followed by another of like proportions in the evening, is better than medicine for young or old.

WANTED—SKILLED WORKMEN.

Nineteen out of every 20 young men who are graduated from the high schools of the country these days of May and June have turned their eyes toward some profession or some vocation in life where they can keep their hands soft and wear good clothes seven days in the week. And yet there is much crowding for positions; while there is a constant demand for the services of "the man who knows" in most mechanical lines. All the mechanical trades are offering more and more excellent opportunities for success for the young man of intelligence and good habits and the capacity to rise to the top. Farming as a vocation in life is today presenting better opportunities for independence and success than any other one trade that can be mentioned. Farming is both a trades and a profession. A farmer should be a man of brains and culture and he must be of studious habits to keep up with the times in his business.

The little Kingdom of Bavaria, with a population not much larger than the city of Philadelphia, has nearly 300 trade schools, giving instruction, night and day, in 28 arts and crafts, and what is true of Bavaria is true of the whole German Empire. In the United States of 85,000,000 people there are not nearly so many trade schools as there are in this little German kingdom. In fact we are today sending to Bavaria for men competent to carry out the details of some of our great construction works, to furnish designs and work them out in our textile plants and to do the higher grades of artistic finishing in many industrial establishments. We are not educating young men to do these things at home, and that is why foreigners are attracted here by high wages and better opportunities.

Two-thirds of the convicts in American prisons are men without a trade or profession. The superintendent of a great penal institution was asked how many of the prisoners had knowledge of a trade, and he answered, "Absolutely none; if they had they would never have come here."

We will say no more, though there is much to be said on this subject. We need more skilled workmen now than ever before, and we shall need them in still greater numbers and of an increased standard of efficiency with every passing year, or the United States will fall behind in the world competition of progress. All the European nations are ahead of us in facilities for industrial education.

DISTRIBUTING FARM LABOR.

The division of information of the immigration bureau, otherwise the government "employment agency," has on foot a plan to distribute on farms in New York, New Jersey Vermont and one or two other nearby states 6,000 or more alien immigrants who are now eking out a precarious existence in New York city.

The 1,801 rural routes now in operation in New York state and rural routes in other states will be utilized in the effort to place the immigrants. The postmaster at each office in New York at which rural route centers will receive a package of return postal cards, sufficient in number to place one in each box in his office. One portion of the card will say to the recipient that the division can supply desirable farm labor and other help and requests that the other portion of the card be used for reply. One hundred and sixty-two thousand cards will be distributed on New York routes.

TRANSPORTATION CHARGES.

"The transportation charge on the material entering into a pair of shoes made in a St. Louis factory averages one and one-quarter cent. The transportation charge, to place that pair in the hands of a consumer in any part of the United States is about equal to the postage on an ordinary letter. An ordinary bed that retails at St. Louis at $8, for example, will have paid the railroads about 40 cents. From ten pounds of nails made in Pittsburg the railroads will have obtained a trifle over two cents, and from ten pounds of wire two and one-half cents. An ax made in the Pittsburg district that retails in St. Louis for $1 will have paid the railroad one and one-quarter cents. The freight on a dozen eggs for 1,000 miles is less than the postage of a letter, and a pound of Wisconsin butter may be sent to New England or New York for half the cost that the bill for it would go by mail. Poultry from Texas for less than a cent and a half a pound; beef from Western ranges at less than a cent a pound." From a lecture on "The Freight Rate Structure," by Logan G. McPherson, Lecturer on Transportation, at John Hopkins University.

If you wish cool comfort and restful sleep, try a corn husk bed or mattress. Many people pass restless, sleepless nights and get up mornings feeling tired and wondering what is the matter with them.

Change of Places.

The teachers' examinations announced for Friday and Saturday of this week, June 5 and 6, will be held in the Towanda high school building instead of in the court house. Arrangements have been made for the use of the school building, and as it is much more convenient, it will be utilized in preference to the court house.

Loses Arm to Save Comrade.

August Peterson, an employe of the tannery at Ralston, saved a fellow-workman from being whipped to death around a line shaft. The man escaped with the loss of his clothes; but Peterson's arm was caught in a belt and was so badly crushed that at the hospital there it was amputated at the elbow.

FRANCIS A. SAWYER INVOLVED IN MILLION DOLLAR LAW SUIT.

Former Towandian Sued By Gay & Co., of Boston—P., B. & E Echo.

A suit growing out of the projected Pittsburg, Binghamton & Eastern railroad in Pennsylvania and New York, was begun in Boston yesterday before Judge Lowell, in the United States circuit court. The plaintiffs in the case are E. H. Gay & Co., the Boston bankers, and the defendant is Francis A. Sawyer formerly of Towanda.

The amount involved in the litigation is something more than $1,000,000 the contention being breach of contract growing out of an alleged agreement by which Gay & Co. were to finance the construction of a section of the Pittsburg, Binghamton & Eastern railroad between the towns of Towanda and Canton, a distance of about 25 miles, and on which a considerable amount of work has already been done.

Mrs. C. S. Lilley has returned from Williamsport where she attended the commencement exerices of the Training School for Nurses. Her daughter, Miss Lois Lilley, one of the graduates, remains at the institution as superintendent of night nurses.

An Endorsement.

Rome, Pa.

Editor of The Daily Review and Reporter Journal:—

I heartily endorse your article of the 28th on "Better Highways," because:

1 Good roads are vitally related to the economic and social welfare of the whole population.

2 Bad roads cost the American farmer nearly a billion dollars annually.

I agree also that for "Better Roads at Less Expense" we need most of all a "Good Roads Association of solid business men, progressive farmers, and public-spirited citizens," as they have in Lycoming county.

And we certainly need the most popular Good Roads Man, Mr. King, to quicken our circulation, tell us just how to get splendid roads for half the present expense. Tax reform, like charaity, should begin at home.

Truly,

LUCKY POTTER COUNTY WOMAN

Big Strike of Oil and Gas Makes Her a Real "Merry Widow."

The opening of the Hebron oil and gas field in Potter county has already made Mrs. F. M. Terwilliger, a widow, comfortably wealthy, with still more riches in prospect. Six months ago Mrs. Terwilliger was the owner of an indifferent farm that yielded her a living, and that was about all. Then one day drillers on a neighboring tract of land struck gas, with good signs of oil. The drillers declared that the oil and rock looked as though if a well were driven on the farm of Mrs. Terwilliger oil would be found. Mrs. Terwilliger leased her farm to the Bradford Oil and Gas company on the usual agreement that if oil or gas were found she would have a royalty on the product and, if the hole was a duster, the company would pay all the cost of drilling the well. But it was far from being a duster. Instead it was a gusher, and has been producing at a rate ever since that has yielded $10 a day to Mrs. Terwilliger as her share. One after another wells were driven on the widow's farm and one after another they came in producers, until the past week the fifth oil well was tapped, besides two gas wells of steady flow, and each good in royalty, for from $6 to $10 a day. The pressure of gas indicates probably an inexhaustible supply, while the oil wells are pronounced good for ten years at least. By that time Mrs. Terwilliger will be so wealthy that she need not bother about this world's goods.

Besides the activity in the Hebron field, drillers also are hard at work in the Shinglehouse district, where 80 acres of land are under lease. Here too, several farms have been chosen as places where test holes are to be driven.

Hay Crop Will Be Big.

The warm and humid weather of the past week have been worth thousands of dollars to meadows throughout this section of the country. Grass never looked better at this time of the year and, unless a prolonged dry spell comes in June, the hay crop will equal, if not exceed, that of last year. At this time last year meadows looked as dead as December hay, but two weeks before the haymaking there was a heavy downfall of rain and as a result a finer crop of hay was cut than usual. Although the tonnage was not so great, the quality was far above the average. Several weeks of dry weather in July also made it possible to get the hay under cover without getting wet or stained. Another reason assigned for the splendid condition of meadows is the fact that the ground was covered with snow for a longer time than usual last Winter. As a result he ground was frozen more evenly and when the Spring thaws came there was little heaving.

Struck Vein of Coal.

While excavating for the Eastern approach of the James street bridge Monday afternoon, Charles Brown and other workmen located what may prove to be a valuable vein of coal. A blast brought out a large quantity of the mineral which is of a peculiar quality, being unlike either anthracite or bituminous coal. When placed on a fire, it burned readily, and made a strong heat. It has not yet been ascertained as to the depth and extent o fthe deposit.

Changed His Plea.

Michael Kinney, the man who ran away from jail last week, and pleaded not guilty to the charge of jail breaking on the grounds that he believed a person had a right to do so if the opportunity was offered, went before 'Squire Orcutt Friday morning and changed his plea to guilty. A justice has no jurisdiction over such cases, and Kinney was remanded to jail to await the action of court.

Don't Ask.

The postoffice department has again laid down rules increasingly strict, and has sent out warning to postmasters that they must give no information whatever to persons unauthorized regarding any other patrons. Not only are they forbidden to disclose anything as regards amount of mail or source of mail sent to patrons ,but they are not even allowed to give addresses.

Ice Cream Social,

On Friday evening of this week the ladies of the Presbyterian church of Saco will serve ice cream and cake at the Grange hall. Everyone is cordially invited to come and have a good time.

DELICIOUS BANANA CREAM.

This recipe is highly recommended by one of our correspondents; try it for dessert tomorrow.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one teacup sweet cream beaten to a stiff froth, then add one 10c package of Lemon JELL-O dissolved in 1½ teacups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c per package.

THRILLING RIDE.

Floyd Wheeler Rode Nearly Two Miles in Wagon Drawn By Terrified Horse.

To ride nearly two miles in a carriage drawn by a terriffed horse racing at break neck speed and escape uninjured was the experience of Floyd Wheeler of Towanda township Wednesday evening.

He started from the P. L. Ward place about 7:45 and was on the upper road leading to Towanda, when his horse became frightened at a passing automobile. Wheeler, who is a young lad, tried to control the frightened animal, but the bits broke and away the horse galloped toward Towanda.

Up Main street, along the crowded thoroughfare, on up North Main street and up to Locust avenue, over Locust avenue to York avenue and down York avenue to the Methodist church where the lights of an automobile swerved the frightened animal from its course and it turned and went up Maple street, coming to a stop in front of Dr. Johnson's at the summit of the steep hill.

Wheeler, the driver was missing, and at first it was thought he had been thrown out and killed or injured, but he showed up a short time later, explaining that he had jumped out at a point in front of the Ladd residence on York avenue. He was not injured. The wagon and harness were quite badly damaged.

Boilers to Be Inspected.

Newspapers in all parts of the state are receiving notices from the Department of Factory Inspection that all steam or heating boilers, under the act of May, 1905, must be inspected annually. The inspection must be made by a casualty company in which such boilers are insured or by any competent person approved by the chief factory inspector, once in twelve months, and owner shall file a certificate showing the result thereof in the office of such establishment and shall send a duplicate to the department of factory inspection. It further provides that any person who violates this act or requirement shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than $25 and not more than $500 or imprisonment in the county jail for a term of not less than ten days and ont more than 60 days fo reach and every violation.

Perfecting New Track on Dike.

Says the Williamsport Gazette and Bulletin: "A long work train with numerous cars of cinder made its appearance Wednesday on the Susquehanna and New York track on the dike on the West bank of Lycoming creek. The track has been ballasted and re-ballasted many times, but it requires much work to keep the track in condition at the new roadbed settles. When a trial run was made over it with a heavy train the track settled considerably in places. This condition has to be overcome before the regular running of S. and N. Y. trains can be started and the work is being carried on steadily, so that it is expected that in the forepart of June the S. and N. Y. trains will commence to run from Ralston to Williamsport and into the yards in the West End, where everything is in readiness for railroad activities."

Unluckiest Man Again.

Arthur Ives of Galeton, is the unluckiest man in Potter county. He was taken to the Williamsport hospital with his skull crushed, the result of a limb falling upon him. Twice within the past six months his home has been destroyed by an incendiary. The accident in the woods which resulted in the fractured skull occurred as he was engaged in felling the second tree in his new job.

Marriage Licenses.

Marriage licenses were issued yesterday to Edward W. Mann of Ithaca, and Anna J. Cook of Angelica, N. Y.; also Lee R. McConnell of Mansfield, and Lena M. Gorton of Union, Tioga county.

SAYRE MUST PAY,

Hoboes Being Boarded in Jail at Expense of Shoptown.

Thursday's Sayre Times-Record says: "Fred Prince, chief clerk for the county commissioners, announced yesterday that the commissioners, in the name of the county would absolutely refuse to pay any costs incurred by the recent shipments of vagrants to the county jail. Now, who is to settle? That's the question.

"Mr. Prince claims that the Sayre officers have been unloading every tramp that could be taken into limbo, upon the county and that it is up to Sayre to pay for the board of those men. He further says if any costs due the justices and other officers are paid the amount must come from the treasury of the Sayre borough. The chief clerk seemed to speak with authority and he first told C. C. Yocum, the borough attorney, that Sayre would have to settle the board bills and later he informed William Ritz, the high constable that he must look to Sayre for the fees due. Mr. Yocum left Sayre this morning and before his departure he did not have time to examine the statutes in order to ascertain whether the money could be collected from the borough or not. There were 23 transcripts for vagrancy sent in to the county officers yesterday and this undoubtedly accounted for the decision to make Sayre settle the bills. The vagrants were largely hoboes but it is claimed that some were honest workmen out of employment and they were captured in the Lehigh yards either soon after arriving here or just as they were awaiting the movement of a freight train in order to depart on their endless journeys."

Remarkable Tree.

A giant tree of Pennsylvania forests was harvested recently in Cameron county—Warrant No. 4960—by the Central Pennsylvania Lumber company that was certainly something remarkable. This great tree was white pine and will make a s fine lumber as was ever cut in the Keystone state. It produced the following number and length of logs: 12 16-foot logs, two 14-foot logs, eight 12-foot logs, three 10-foot logs, and six 8-foot logs, and the whole bunch scaled the magnificent total of 20,800 feet board measure. The first log measured 60 inches, or five feet in diameter at the small end, and plank cut from logs like that are worth in clear white pine immense sums of money. Such pine as this is worth at least $75 a thousand feet, and this great tree will likely bring the company in round numbers about a thousand dollars.

Honesdale's "Brace-Up" Club.

The "Brace-up" club is Honesdale's latest innovation. It is an every-day occurrence for one of its members, and the club is rapidly increasing, to say "Hello, Bill, brace up," and with this exclamation bring his hand heavily down between the shoulders of the innocent and unitiated candidate. The effect is already quite noticeable. Many, who heretofore were inclined to stoop forward when walking, have braced up and appear like different persons. The physicians of Honesdale claim the brace-up club is doing good work and highly recommend this unique and novel way of decreasing the rapid growth of lung trouble.—Wayne Independent.

Dog Bitten By Rattlesnake.

O. J. Woodruff of Franklindale, lost a valuable thoroughbred beagle rabbit hound Monday, it being bitten by a rattlesnake and dying a short time later.

Twentieth Anniversary.

The Excelsior club of Vaughan Hill, cedebrated its twentieth anniversary at the home of the Misses Howard at Homets Ferry on Friday evening, May 22. An interesting program and an elegant time was had by the members of the society and a large number of guests who were in attendance.

W C T U INSTITUTE

Methodist Church Scene of Interesting Meeting Tuesday.

CONTEST FOR SILVER MEDAL

About Sixty Members of the W. C. T. U. Attended and Took Part in the Institute Work—Some Interesting Discussions.

About 60 persons including four men attended the opening sessions of the W. C. T. U. institute in the First Methodist Episcopal church Tuesday, day, and nearly 500 people attended the oratorical silver medal contest last evening.

Morning Exercises.

After devotions conducted by Mrs. Norrish, in the absence of Mrs. Eilenberger, an interesting parliamentary drill was conducted by the County President. Then a brief outlook over the county, state and nation in regard to the growth of sentiment along lines of temperance and reform work. Mrs. W. W. Dimock gave an earnest talk and voiced the noontide prayer.

Afternoon.

In the afternoon Mrs. Alice Sumner read the first chapter of Joshua and led the singing and devotions.

Department work was discussed by the president, showing the advantages of superintendents over the old plan of committees. Mrs. Acker read an excellent history of "How New Albany Went Dry," which was followed by a fine recitation by Mrs. Corson.

Miss Bush gave a few thoughts on Purty Congress, emphasized by Mrs. Norrish, after which Elizabeth Muir sang a beautiful song.

Mrs. Alice Shaffer read a paper giving a history of the founding of the Anti-Cigarette league of Sayre, which now has more than one hundred members. Next a fine recitation by Mrs. Loller.

Two beautiful children were introduced and became initial members of the Temperance Light Bearers' department of the Towanda union.

Mrs. F. L. Eastabrook gave a very interesting and instructive address on local option. She urges the women to be around and use their influence, for women can accomplish great things, if they will. It is the business of the women of our county to find what kind of men are desiring the offices of the county.

It is regretted that the lateness of the hour caused some persons to leave before this address.

A song by little Miss Dorothy Maxey was one of the features of the afternoon. The program was interspersed with discussion by ministers and others.

Medal Contest.

The silver medal oratorical contest last evening attracted an audience of about 500 people. The judges awarded the medal to Eva Conklin of Ghent, her recitation entitled, "Yes, I'm Guilty," being considered the best of the list of very excellent ones given in the contest. Each contestant received generous and deserved applause. Mrs. W. H. S. Loller of Monroeton, presented the medal to the winner, and gave a bouquet of white flowers to each of the other contestants.

The judges were Mrs. I. P. Spalding, Mrs. W. H. S. Loller and E. B. McKee.

Wyalusing Commencement.

The class of 1908 of the Wyalusing high school will hold its annual commencement in the Presbyterian church on Friday evening, June 5. The members of the class are: Raymond M. Waldo, valedictorian; Miss Bessie L. Davis, salutatorian, and Misses Frances Willson and Bessie M. Proof. An interesting program has been prepared. On Saturday evening following the commencement exercises, the annual meeting of the alumni association will be held at Hotel Middendorf, the reception and business meeting being at 8 o'clock, the annual banquet at 8:45.

Stevensville Girl Wins Honors.

The Tioga Chapter of the Daughters of the American Revolution offered the students of the Athens high school a first, second and third prize for the best essays on "Philadelphia in the Revolution. Eleven essays were handed in and the first prize, ten dollars in gold, was won by Miss Ina M. Stevens, daughter of the late Harry M. Stevens of Stevensville. Miss Stevens also stands at the head of the graduating class of the high school and has been selected by the faculty a valedictorian of her class.

Birthday Present.

Mr. and Mrs. Phillip Hutchins of Chihauhua, Mexico, are rejoicing over the arrival of a daughter, born Monday, May 25. Mrs. Hutchins, before her marriage was Amelia Page Welles, daughter of Mr. and Mrs. C. P. Welles of Towanda. The birth of a daughter was in the nature of a birthday present, being born on the natal day of the mother.

LITTLE GIRL PARALYZED.

Pauline Kinsley Fell While Roller Skating and Injured Spine.

Pauline, the winsome eleven years old daughter of Mr. and Mrs. W. E. Kinsley, of Olive street, is suffering with paralysis caused by an injury to her spine in a fall while roller skating. Like many other Towanda children, she has been enjoying herself on the sidewalks with roller skates, and last Thursday evening, after a short roll, she was about to enter the home and remove the skates when she fell, striking on her back. At first she did not seem to be injured to any extent, and nothing was thought of the matter, until Thursday night, she could not sleep, being restless and uneasy all night. Friday, while practicing a piano lesson, the fingers on the right hand became stiff, and a few minutes later her whole body became paralyzed.

Dr. D. Leonard Pratt was called and diagnosed her case as paralysis caused by concussion of the spine. She is considerably improved at present, and will probably fully recover.

Troy High School Commencement.

The Troy high school commencement takes place this week. The baccalaureate sermon will be preached in the Methodist church Sunday evening by the Rev. Robert E. Roe, rector of St. Paul's church. The B. B. Mitchell spelling contest will be held at the high school Assembly hall Monday afternoon. The alumni banquet was held Thursday evening at the residence of C. W. Mitchell. The principal's reception to the graduating class will be held at Prof. W. M. Dennison's residence Tuesday evening. Wednesday evening the juniors entertain the seniors at the residence of W. B. Gerinert and commencement will take place Thursday evening of next week at the Presbyterian church. Dr. J. H. Harris of Bucknell university will give the address.

Opening Monday Evening.

The hotel at Lake Wesauking was formally opened for the season Monevening. A large crowd took advantage of the occasion to make a visit to the beautiful lake, and enjoy the hospitality of Landlord Christman, who is in charge of the hotel. The hotel has been thoroughly renovated and presents a much more attractive appearance than ever. A feature of the opening last evening was a dance for which the celebrated Germania orchestra of Towanda, furnished a splendid program of music.

Dance and Euchre Friday Night.

A euchre and dancing party will be given in Eagle hall on Friday evening of this week under the auspices of the Towanda Tribe of Red Men. The celebrated Germania orchestra will furnish music for dancing. Tables will be placed on the stage, and prizes will be given the winners in the progressive euchre contests. Ice cream and cake will be served in the wigwam adjoining the hall, and everybody attending is promised a good time.

Big Catch of Fish.

Harry and Charles Kinsman, Towanda youths, while out spearing on the river Saturday night, landed nine carp and eight eels the aggregate weight of which was 103 pounds. The largest carp weighed 18 pounds and the smallest one of the nine tipped the beam at eight pounds. This is the largest catch of fish in this section in one night in a long time.

Lattin—Willcock.

James Lattin of Millport, N. Y., and Fannie Willcock of Waverly, came to Towanda Monday, secured a marriage license and visited the Methodist parsonage where they were united in marriage by the Rev. Dr. Houghton.

INSTITUTE AND MEDAL CONTEST.

CRAZED BY GRIEF.

Ithaca Men Believes Family Contracted Diphtheria From Him.

A news dispatch from Ithaca says: "Crazed by the death of his wife, son and step-daughter within the past two weeks, R. C. Brown, a janitor, is in serious condition at his home in Ithaca.

His entire family was wiped out by diphtheria, Mrs. Brown being the first victim two weeks ago. A week later his son Robert died and Thursday his step-daughter, Bessie P. Rittenhouse, succumbed to the disease.

What weighs on the mind of the father and husband is the supposition advanced by the health officer that he had the disease first and infected his family. His case was a mild one of sore throat and he did not consult a physician. Miss Rittenhouse never knew of her mother's death, her condition being such that she could not be told.

Won a Special Scholarship.

Henry Porter, a student in the Chase School of Art, at New York city, is visiting his parents, Mr. and Mrs. Henry C. Porter. He has been making rapid progress in his studies in the art school and was successful in competition with the other students, winning a special scholarship, which will give him a decided advantage in his chosen profession.

Carbondale Sensation.

Another sensation has been sprung in Carbondale. A petition signed by about 50 of the leading citizens of the city ,alleging that Prof. Thomas J. Gilmartin, recently elected superintendent of the schools of that city, is incompetent to discharge the duties pertaining to the office, has been sent to State Superintendent Shaeffer. It askes that his certificate be withheld pending an investigation.

Have New Uniforms.

The new uniforms for the Sayre shop band have arrived, and were worn for the first time on Memorial day. The uniforms while not resplendent with gold lace are neat, giving the wearers a very natty appearance.

Lawn Mowers

SPLIT-LOG ROAD DRAG

How to Build and Operate This Simple, Yet Great Implement.

IT WILL IMPROVE HIGHWAYS.

Office of Public Roads of the United States Department of Agriculture Issues a Bulletin on This Simple Road Building Devise.

One of the latest publications issued by the Office of Public Roads of the United States Department of Agriculture treats of the split-log drag, an implement which numerous experiments have conclusively shown to be the greatest possible boon to keep earth roads smooth and passable. Because of its simplicity, its efficiency and its cheapness, both in construction and operation, it is destined to come more and more into general use. With the drag properly built and its use well understood, the maintenance of earth roads becomes a simple and inexpensive matter.

At the present time there are approximately 2,000,000 miles of earth roads in the United States. Some of the most important of these roads will eventually be improved with stone, gravel, and other materials. Many others which are equally important cannot be so improved on account of lack of funds or suitable materials, while still others will not require such treatment because of the light traffic to which they are subjected. For these reasons the majority of our roads must be maintained as earth roads for many years to come. This must be done by inexpensive methods and the split-log drag will be a powerful aid if economy is the criterion demanded.

In the construction of this implement, care should be taken to make it so light that one man can lift it with ease, a light drag responding more readily to various methods of hitching than a heavy one, as well as to the shifting of the position of the operator. The best material for a split-log drag is a dry cedar log, though red elm and walnut are excellent, and box elder, soft maple, or even willow are superior to oak, hickory, or ash. The log should be between seven and ten feet long and from ten to twelve inches in diameter at the butt end. It should be split carefully as near the center as possible, and the heaviest and best slab chosen for the front. In the front slab four inches from the end which is to drag in the middle of the road bore a two-inch hole which is to receive a cross stake. At a distance of 22 inches from the other end of the front slab, locate the center for another cross stake. The hole for the middle stake will be on a line connecting and half way between the two. Then place the back slab in position and from the end which is to drag in the middle of the road measure 20 inches for the center of one cross stake and six inches from the other end locate the center of the opposite stake. The hole for the center stake should be located half way between the two. All these holes should be carefully bored perpendicular or at right angles to the face of the split-log.

If these directions are followed it will be found that when the holes of the front and back slabs are brought opposite each other, one end of the back slab will be 16 inches nearer the center of the roadway than the front one. That gives what is known as "set back." The stakes, which are 30 inches long, will hold the slabs this distance apart. When the stakes have been firmly wedged into their sockets, a brace about two inches thick and four inches wide may be placed diagonally to them at the ditch end of the drag. A cleated board is placed between the slabs and across the stakes for the driver to stand on.

By many it is deemed best to place a strip of iron along the lower face of the front slab for a cutting blade and to prevent the drag from wearing. The drag may be fastened to the doubletree by means of a trace chain. The chain should be wrapped around the left-hand or rear stake and passed over the front slab. Raising the chain at this end of the slab permits the earth to drift past the face of the drag. The other end of the chain should be passed through a hole in the opposite end of the front slab and held by a pin passed through a link.

For ordinary purposes, the hitch should be so made that the unloaded drag will follow the team at an angle of 45 degrees. The team should be driven with one horse on either side of the right-hand wheel track or rut the full length of the portion to be dragged, and made to return in the same manner over the other half of the roadway. Such treatment will move the earth towards the center of the roadway and raise it gradually above the surrounding level.

The best results have been obtained by dragging roads once each way after each heavy rain. In some cases, however, one dragging every three or four weeks has been found sufficient to keep a road in good condition.

When the soil is moist but not sticky the drag does its best work. As the soil in a field will bake if ploughed wet, so the road will bake if the drag is used on it when it is wet. If the roadway is full of holes or badly rutted, the drag should be used once when the ground is soft and slushy. This is particularly applicable before a cold spell in Winter, when it is possible to so prepare the surface that it will freeze smooth.

Not infrequently conditions are met which may be overcome by a slight change in the manner of hitching. Shortening the chain tends to lift the front slab and make the cutting slight, while a longer hitch causes the front slab to sink more deeply into the earth and act on the principle of a plow.

If a furrow of earth is to be moved, the doubletree should be attached close to the ditch end of the drag, and the driver should stand with one foot on the extreme forward end of the front slab.

Conditions are so varied in different localities, however, that it is quite impossible to lay down specific rules. Certain sections of a roadway will require more attention than others, because of steep grades, wet weather springs, soil conditions, exposure to sun and wind, washes, etc. There is one condition, however, in which special attention should be given. Clay roads under persistent draggings frequently become too high in the center. This may be corrected by dragging the earth towards the center of the road twice, and away from it once.

There is no question as to the economy of this road-making implement, either in first cost or in operation. In six counties in Kansas in 1906 the cost of maintaining ordinary earth roads, without the aid of the split-log drag, averaged $42.50 a mile. These figures were furnished by Prof. W. C. Hoad, of the University of Kansas, who secured them from official records of the counties.

Some figures furnished by F. P. Sanborn and R. H. Aishton, general manager of the Chicago and Northwestern railroad, have revealed the wonders of this simple device. Mr. Sanborn said "the least expense per mile per annum for split-log dragging was $1.50, the greatest a little over $6, and the average expense per mile for five and one-half miles a little over $3. I have lived along this road all my life and never in 40 years have I seen it freer from mud and dust, despite the fact that during the season we have experienced the extremes of weather conditions."

The testimony of Mr. Aishton is equally strong. Learning that a township in Iowa had been making an investigation of the split-log drag and had been experimenting with it for a year on 28 miles of highway, he sent an agent to secure information. It was reported that although the town board had been paid the cost of making the drags and of hiring men to operate them, the total expense for one year averaged but $2.40 a mile, and the roads were reported to have been "like a race track" the greater portion of the year.

KNOX WOULDN'T BE BLED.

Refused to Give Up $3,000 to Take Pittsburg Club to Chicago.

A news dispatch from Pittsburg says:

Members of the Americus Republican club, the swellest political organization of that city, are in a dilemma.

The organization was invited by Senator Knox to act as his escort and special boomers at Chicago during the Republican National convention. The club accepted and, according to a member, Senator Knox was asked to pay expenses of the trip, $3,000. This the senator either has refused or failed to do. The rank and file of the club refused to pay their own expenses and it loked for a time as if Senator Knox would have to get along without the booming of the Americus club.

Several of the leading members said it would never do to thrown down Pittsburg's presidential candidate in that manner, so a popular subscription is being raised, and City Treasurer John Steel is treasurer of the fund.

During the last presidential campaign the Americus club raised $10,000 for its jaunt; this year it wants $15,000. With the hard times attending, some members are afraid that the money will not be raised to make the trip to Chicago.

MONROETON.

The graduating exercises of the Monroeton high school took place on Friday evening, May 29. Young's opera house was packed to the doors by relatives and friends of the graduates. Nothing marred the success of the occasion, if excepted the conversation carried on by some rowdies at the back of the hall, which interferred greatly with the pleasure of those in the immediate vicinity. All sigh for the days when Monroeton had a police force with sufficient sand to quell such disturbances. The graduates acquitted themselves with credit, especial mention being due Miss Vida Northrop, whose clear and distinct enunciation was much appreciated. The lecturer of the evening, Rev. W. Clay Rosselle, was warmly received and generously applauded, as were the efforts of the Monroeton band, which under the able leadership of James E. Dunfee, made its first public appearance on this occasion. Altogether the evening's entertainment reflects great credit on teachers, graduates and the out-going school board.

Treasurer's Office, Towanda, Pa., April 9, 1908.

W. E. WARNER, County Treasurer.

Kerosene poured on the top of a burdock may kill it, but a better way is to run a spade through the root about three inches below the surface.

Oftentimes the fact that the butter comes hard is due to the cow not getting the salt she needs. Once a week is hardly often enough to salt the cow that is giving a generous flow of milk.

When the family cow is giving a good supply of milk she should be given free access to all the salt she wants. This will keep her in good condition, satisfying her physical needs and keeping her capacity to digest and assimilate the food she eats at a maximum.

A recent report is to the effect that peanuts are found growing wild throughout Nigeria and that immense quantities could be grown for export. As it is, due to lack of enterprise on the part of the people, not enough of the goobers are grown to supply the home demand for them as food.

Inasmuch as the curculio, which damages plums and apples, does its work by stinging the immature fruit rather than by biting it, an ordinary spray like bordeaux is only partially effective. Such treatment should be supplemented by a jarring and cultivation of the trees during the months of July and August.

Cabbage, tomato and young plants of other kinds will be much stockier and more vigorous if they are transplanted several times before being set in a permanent bed. The process of transplanting seems to develop an exceptionally strong root system, which enables the plant to make a vigorous growth when it is finally set out.

Since cultivation is given growing crops not only for the purpose of destroying weeds, but for the stirring of the soil so as to facilitate a proper circulation of moisture in the soil and radiation of heat, pains should be taken to cultivate growing things whenever possible shortly after heavy rains, so as to prevent the earth from baking and thus interfering with the processes above referred to.

Contrary to the opinion which may be at first quite naturally held by some of the little folks who may now and then glance at these notes, peanuts, instead of growing on trees and bushes, as do most other varieties of nuts, grow, like potatoes, beneath the surface of the ground. When ripe they are pulled, washed and dried, being put in large sacks for shipment to the home grocer, who has to roast them before the small boy gets them in five cent sacks.

Probably the common black crow is the worst enemy of the poultry raiser, especially on the farm where the hens have plenty of range and lay eggs on the outskirts of the farm buildings as well as roam into the wood lots and pastures with the little chicks. While the crow may consume a few grubs, the harm he does in devouring the sprouting corn and the damage he inflicts upon the poultry justify all in marking him for extermination whenever opportunity offers.

The productive capacity of certain types of humanity seems to be on a par with the virility and fecundity of certain kinds of weeds. Not being able to perform a useful mission in life, the natural instinct of self perpetuation seems to be allowed full sway.

The good wife has more grounds for a kick on an empty wood box or water pail than the man of the house has on an empty salt cellar or pepper shaker. Moreover, it is quite likely to be the fellow who neglects the wood box who is most exacting when it comes to the table service.

In producing pork to sell there is probably no food that gives as large a gain in pounds as does corn. Yet if the pork is being produced for one's own use it will be more enjoyable if the ration of corn is substituted by a meal made of barley, peas and oats. This latter ration gives a somewhat better quality of meat, while the texture is such that it does not fry away as much as does the corn fed product.

According to the last report of the commissioner of internal revenue, there were used for the production of distilled liquors in the United States in the fiscal year 1906-7, 23,474,509 bushels of corn, 6,250,898 bushels of rye, 4,440,315 bushels of malt, 21,452 bushels of wheat, 17,301 bushels of oats, 1,629 bushels of mill feed, 685 bushels of barley and 4,442 bushels of other materials, or a total of all kinds of 34,211,231 bushels.

The sensible attitude to take toward the dairy cow is that she is a machine whose mission is the converting of feed into milk and butter fat. In view of the fact that the average cow has to produce 140 pounds of butter fat per annum to pay the expenses of keeping her, it follows that to have a mission that means anything to the dairyman she must produce considerably more than 140 pounds of butter annually. If she isn't good for more than this amount she is useless and should be forthwith converted into canned beef.

The large sized tiles which have been used quite extensively in years past for culvert purposes throughout many of the northern states have proved a decided disappointment in that they have been cracked as a result of allowing water to stand in them and freeze. A substitute which is being used quite extensively is a heavy galvanized iron piping quite heavily corrugated, which adds many fold to its strength. Being thickly galvanized, it does not rust readily, while it is so tough and strong that a small quantity of water freezing in it does not seem to injure it.

In many cities boards of health have been passing ordinances requiring that all cows whose milk is peddled to customers within the city limits shall be given the tuberculin test to detect the presense of tuberculosis. In some towns so large a per cent of cows are being found infected with the disease, with the accompanying decrease of those whose milk is fit for use, that the price of milk has advanced from 8 to 10 cents a quart. The populace will probably demur at this advance in price, yet most of them would pay it rather than consume milk laden with tuberculosis bacilli.

One of the causes contributing to make low priced hogs, besides the rather "hard times" which have held sway during the winter just past, is the fact that there has been an almost entire absence of hog cholera in most all sections of the country. It would be interesting to know, as a sort of side issue on the situation, whether this absence of hog cholera may not be quite closely connected with the fact that corn was very scarce and high last fall and that as a result it was fed quite sparingly, whereas in previous years hogs have been allowed to gorge themselves with the soft and immature corn. The situation presents several important aspects which it would be worth while for experts to look into carefully and report upon.

Recently enacted pure food and paint laws in the state of North Dakota have brought some interesting things to light. A careful inspection of all of the brands of paint offered for sale in the state showed that two makes of paint advertised as being pure white lead paints contained not a particle of this ingredient, while another, the direction for the use of which contained precautions not to use in damp weather, contained 20 per cent of straight water. This report, which is an exhaustive one, showed that, as a rule, paint which was offered at much less than the usual price did not contain the ingredients its manufacturers claimed or was adulterated with water or other ingredients. This seems to indicate that the best paint is seldom the cheapest.

As showing the way the federal government should and often does co-operate with the several states in the work of ascertaining the causes of plant and animal diseases or holding in check the ravages of insect pests it is a matter of interest to note that the University of Wisconsin agricultural experiment station has lately entered into an agreement with the bureau of entomology of the United States department of agriculture to carry on co-operative work in the matter of studying the problems relative to the eradication of the insect and fungous diseases which affect the cranberry crop more disastrously each year. An experiment station has been opened at Cranmoor, where data will be gathered and published in pamphlet form for the benefit of the cranberry growers of Wisconsin and other states.

The operation of Wisconsin's recently enacted pure foodstuffs and fertilizer laws is having some very wholesome effects. A recent bulletin on this subject not only contains a discussion of the use of fertilizers for the different farm crops, but also a list of manufacturers' guarantees as to ingredients and a list of licensed fertilizers, together with a list of twenty brands licensed for sale this year. The report also shows that some 600 brands of concentrated foodstuffs are registered, four times the number registered a year ago, while 180 manufacturers are now registered, three times the number that had registered for a license a year ago, before the new law went into effect.

While there is all too little tendency with the average business organization or corporation to give that heed to the physical and moral well being of their employees which admits the necessity of one day of rest and recuperation in the seven, now and then the case of such an employer is noted. Of this type is one of the big railroad systems running west of Chicago and which by the west is known as one of the most businesslike concerns of its kind in the country. Some time ago this road inaugurated a policy of discontinuing practically all Sunday train service except that involved in the movement of through mail and express and the running of stock trains, it being deemed a mercy to the stock to transport it on a day when there would be as few interruptions to traffic as possible. This evidence of consideration on the part of these employers is unquestionably repaid manifold in the more energetic as well as willing service of appreciative employees.

A NEW WAY TO TREAT FLAX.

Considerable interest has been manifested within the past few weeks in the announcement which has been made of the invention of a new process of making linen from flax straw, which in years past has been a waste product except for very limited use in feeding and in the manufacture of small quantities of binding twine. In the foreign method of treating flax extensively followed in Holland from sixteen to thirty weeks are required in the process of transforming flax into linen. First comes the "rotting" or weighting down of the flax straw in pools of water exposed to the sun until the wood or "shive" rots away. Next comes the "scutching" or beating of the dry straw, followed by the "hackling" or combing, softening and bleaching. By the new process, which is the discovery and invention of a professor at the Massachusetts Institute of Technology, the tedious processes above referred to are reduced to mechanical and chemical operations which are completed in twelve hours, including degumming, softening and bleaching, the finished product coming out a glossy white color and with an exceedingly tough fiber. Another point in favor of the American process is that it will yield 250 pounds of fiber from 1,000 pounds of straw, while the foreign method gives but 170. In addition to this, the new process saves the seed and the shive, which is utilized in paper making, while the tow is also a byproduct that is not lost. If the new method does all that is claimed for it, it will not only do much to put the manufacture of linen on a business basis in this country, but will revolutionize the manufacture of linen abroad. However, unless the method of growing flax in this country is likewise revolutionized—that is, put on a basis where there would not be a rapid depletion of soil fertility—the new process would in the long run mean no boon to the agricultural welfare of the country.

ADVANTAGES OF RAPE.

Where sheep, young stock or hogs are to be fed during the fall and early winter months there is probably no method of producing a fine lot of succulent and nitritious feed that is superior to sowing rape seed in the cornfield the last time it is cultivated. In addition to the supply of feed which is furnished, a point in favor of the plan is that, covering the ground as it does, the growing rape takes the place of just so many weeds that would be pretty sure to befoul the fields if the rape were not there. There are a whole lot of farmers who have not yet got to the point where they appreciate the benefits of rape. A few do sow it not only in the corn, but with their oats and other small grain, as it guarantees a fall pasture for stock of the kinds mentioned that can't be beat.

A COUNTY EXPERIMENT WORK.

A western Iowa county has taken advantage of the state law which allows boards of supervisors to set aside $300 annually for the purpose of carrying on agricultural experimental work at the county farm and this year, in co-operation with and under the direction of the seed corn specialists of the state experiment station, will set aside a portion of the farm for a thorough testing of the different kinds of seed corn which are being planted in the community. The several points of variety, yield, early maturity, preparation of soil, fertilizers and cultivation will be determined so far as possible and the results summarized at the close of the year for the especial benefit of the farmers of the county and adjoining counties where much the same conditions prevail.

THE MAN, NOT THE FARM.

The vast difference that is often noticeable between the general appearance as well as the productiveness of farms lying side by side or in the same neighborhood is quite likely more due to difference in the proprietors and the methods they follow in the conduct of their respective farms than to any original difference in fertility of the soil. An intelligent and farsighted farmer can bring a naturally poor farm up to a fair state of productivity, while a negligent and shiftless one can, with a good deal less effort, bankrupt a naturally fertile one and make it an undesirable piece of property.

MORE SEED.

A good many have experienced great difficulty in getting a stand of alfalfa. In some cases this seems to have been partly the result of an improper preparation of the soil or lack of sufficient moisture at the time of germination, but quite as likely to the fact that insufficient seed was sowed. While some authorities in the northern states recommend the sowing of fifteen to eighteen pounds per acre, it is a common practice in Nebraska and Kansas, where this legume is extensively grown, to sow from twenty-five to thirty pounds per acre.

GUARD THE BIRDS.

From this time on through the summer the birds that nest about your home will have the trials of their life in getting their fledgelings past the point where they can use their wings and keep out of the way of the prowling cats. A real service can be rendered the birds by keeping a sharp lookout and throwing brickbats enough at the feline tribe to give them to understand that at certain times and seasons their proper place during daylight hours is under the wood shed or barn.

Bottomless Spring.

There is a spring in Sugar Hollow, Wyoming county, known as the bottomless spring. It is situated in a hollow commonly known as the honey pot. It has been said that a long bamboo fish pole has been put in the water in order to touch the bottom, but they could find no bottom. Then a second long bamboo pole was purchased and the two fastened together, then they again endeavored to reach the bottom but could not. It is also said that when the Susquehanna is high the spring is muddy, but when the river goes down the spring does not go down.

POMONA GRANGE, 23.

Profitable Quarterly Session Held at Muncy Valley Last Week.

FIVE IMPORTANT RESOLUTIONS

Although the Attendance Was Small Because of the Pressure of Farm Work, the Program Was Carried Out in Full—Prominent Workers Present.

Pomona Grange, No. 23, met with Davidson Grange at Muncy Valley, Sullivan county, May 28 and 29. This place is situated in the Southwestern part of the county on the line of the W. and N. B. railroad, nestled among the mountains amid grand and beautiful scenery. The attendance was not large, owing to the hurry of the farmer's work just now, but those who attended were treated like kings and queens by members of Davidson Grange.

Meeting opened at 2 p. m., Worthy Master Shaw presiding. Address of welcome by Rev. S. B. Bidlack. The farmer of America is the leading character of the nation. Food and clothing are necessary for preserving life; in some parts of the country clothing may be dispensed with in a degree but food is absolutely necessary, therefore he who produces food is the most important factor.

Response was made by Brothers Chase of Troy, and Stevens of Iona.

Reports of subordinate granges were read, those received show progress through the district, but many secretaries failed to return the blanks.

After song, "Beautiful Golden Somewhere," the Question Box was opened. "Are weeds a detriment to the farmer?" Weeds, defined as a "plant out of place," any plant out of place is a detriment to the farmer.

"Are we doing as much for the Grange as we should?" Does it pay to buy goods from the large department stores?" "Will the split-log drag do away with the road machine?" This drew out an interesting discussion by Brothers Mott, Lilley, Bidlack and Chase. It was the united experience that the road drag was a great help to good road-making but did not take the place of road machines.

"What is the best means to be used to eradicate the common sorrel?" The application of lime will kill sorrel; a lively discussion followed regarding the use of lime as a fertilizer; this was favored by most present, especially for growth of clover.

"What is the best way to destroy wire worms?" Use lime and salt.

Miss Murl Philips of Davidson Grange, read an essay entitled, "The Farmer as a Professional Man." This was a practical illustration of the desirability and pleasures of farm life, and should be read by all especially the young people.

A recitation by Sister Mabel Speary, "Little Christel and the King."

State Lecturer E. B. Dorsett of Mansfield, was presented and spoke for some time on the origin, early history and difficulties encountered in the establishment of the Grange principles. He gave several answers to the question, "Why Join the Grange?" Grange stands for better homes, better schools, better laws and better citizenship.

Mrs. Alvin Fulmer recited a pathetic selection, "The First Settler's Story."

Brother Rev. S. B. Bidlack gave an illustrated lecture on road making. This was prepared by the government, and the use of the split-log drag was warmly recommended; he also showed by illustration the best type of beef cattle.

Friday Morning.—The time until 11 o'clock was taken up with fifth degree work. Afterwards Brother Dorsett gave the unwritten work of four degrees. Following questions were discussed: "To what age should children be admitted to the Grange meetings?" "Why not have constables make returns by mail?" "Are farmers as a class up-to-date as compared with other trades and professions?" "Why do we not have a more complete report from our subordinate granges and a larger attendance at our Pomona meetings?"

Friday Afternoon.—A Memorial service in charge of Mrs. J. A. Myers in memory of those brothers and sisters who have passed away during the last year, was held, consisting of songs, a recitation and remarks by members.

Remarks from visitng Sisters Bull, Poust and Kelchner from Lycoming county, were interesting; an invitation was extended to meet with them at Pomona Grange, at Muncy, July 4.

Upon motion of Brother Philips of Davidson Grange, the secretary was instructed to forward to Brother A. M. Cornell, ex-state lecturer, a message of sympathy in the dangerous illness of his father, Alvah Cornell, who is also a member of this Pomona Grange.

Resolved, That we favor a ballot reform bill doing away with helpers in voting booths except in cases of total disability, such as the loss of hands, the loss of eyesight, etc., and such other reforms as legislators may see fit to embody in the bill.

Resolved, That we endorse the actions of President Roosevelt in calling together the governors of the various states to consider the advisability of preserving our natural resources.

Resolved, That we consider it an unnecessary expense to the counties in requiring the constables to make return to the Quarter Sessions. And that we ask our legislators to pass a law requiring constables to make out their returns and after swearing to them, mail the same to the clerk of the court.

Resolved, That we ask our county commissioners to instruct the assessors of the various townships and boroughs to equalize the assessments of property for taxation, knowing as we do that a great deal of property in the county is assessed too low, while some is assessed too high, this error giving corporations, such as coal companies and coal land owners, a chance to get out of paying their just share of taxation. Committee, M. W. Reeser, W. C. Prichard, J. H. Diffenbach.

Resolved, That we extend a sincere vote of thanks to the members and especially the sisters, for the hearty reception and most royal entertainment at the Davidson Grange and their own homes given Pomona Grange, No. 23, and to the committee for the excellent program. Committee on resolutions, E. G. Rogers, Ulysses Bird, Mrs. E. S. Whartenby, Mrs. F. C. Spear, J. A. Myers.

After a few remarks by Brother Bender, of appreciation of the work accomplished at this session, the meeting was closed and all visitors will retain most pleasant recollections of the meeting at Muncy Valley.

No Evidence.

The case of the Oriental Insurance company of Johnstown, Pa., vs. Nathan S. Frazier of Wyalusing, was called before 'Squire Meredith Tuesday afternoon, and after a hearing, the 'Squire discharged the defendant for a lack of evidence. Frazier is an insurance agent, and represents a number of companies, among the number being the Oriental company. The company claims to be about $200 short in its account with Frazier, but Secretary Millen and Attorney Kerr who came from Johnstown to represent the plaintiff could not produce any evidence to show that Frazier had failed to meet his obligations and pay over all money due the company, with the result that the defendant was discharged. William P. Wilson represented Frazier. Frazier now claims the company owes him $156.

Gardner Discharged.

W. G. Gardner of Laquin, was arraigned before 'Squire Orcutt yesterday afternoon for a hearing on the charge of larceny. Before the hearing was opened the parties came to an understanding with the result that the charge was withdrawn and the defendant dismissed. W. P. Wilson was attorney for the defendant, while David E. Kaufman, Esq., represented the prosecution.

NEW YORK FASHIONS

Pattern For Girl's Box Plaited Dress Designed by May Manton—No. 5826.

The simple dress with long lines that can be worn over a separate guimpe is a favorite one for the younger girls, and its popularity is always easy to understand. The style is becoming and satisfactory, while, the guimpe being separate, fresh ones can be supplied quite easily, and the effect of extreme daintiness is always the result. This frock is shown in one of the new checked wool materials in shades of blue and tan and is trimmed with blue velvet ribbon, while it is worn over a guimpe of white lawn with yoke of embroidery. The dress, however, is appropriate for all the lightweight wools and those sturdy washable materials that many mothers use for indoor wear at all seasons of the year. Any banding can be used as trimming, and for the guimpe both lawn and the thin china silks are liked.

The dress is made with front and backs and is laid in groups of tucks, while it includes kimono sleeves of the latest sort. The guimpe is a simple one, with plain front and backs, and can be made with short or long sleeves.

The quantity of material required for the medium size (ten years) is, for the dress, 6¼ yards 27 or 32 or 33 yards 44 inches wide, with five-eighths of a yard 27 inches wide and 6½ yards of braid for trimming; for the guimpe, 1¼ yards 36 inches wide, with one-half yard 18 inches wide for the yoke.

Sizes for girls of 6, 8, 10 and 12 years.

CROSS WITHDRAWS

Retires From Senatorial Contest in Favor of Shields.

LONG DRAWN OUT FIGHT ENDS

Political Fight Which Has Stirred Twenty-Third Senatorial District Since Primary Day, April 11, Settled By Cross Stepping Out.

The contest for the nomination of state senator in the Twenty-third district is at an end. William Cross of Sayre, having withdrawn from the contest, which leaves Hon. Moses Shields of Nicholson, the nominee on the Republican ticket. Thus ends the most hotly fought and long drawn out Senatorial contest in the twenty-third district in many years.

At the April primaries the contest was close and both candidates desired a re-count. A great many ballot boxes were opened in Susquehanna and Bradford counties where irregularities were found. The re-count did not prove satisfactory to the candidates and an appeal was filed. About two weeks ago the matter was taken in hand by the Republican leaders. A conference was arranged between the candidates and their attorneys, whereby an amicable settlement could be reached.

Within the past week several conferences were held which resulted in a settlement by Mr. Cross withdrawing from the race.

KILLED BY LIGHTNING.

Fourteen Years Old Wellsboro Girl Struck Dead While in a Field.

Flossie Gee, the 14 years old daughter of Jerome Gee of Wellsboro, was struck and instantly killed by lightning at Marsh Creek Tuesday afternoon.

The young girl was visiting her sister, Mrs. Arthur Gleason, on their farm near Dentz Run.

With another little girl she was out in the field when a storm began and they started hurriedly for the house. They had gone but a short distance when a heavy bolt of lightning struck the Gee girl, killing her instantly. The other girl who was a little in advance was knocked to the ground, but not seriously hurt.

Saw Mill Burned.

The saw mill of W. J. McCariney, located between Laporte and Forksville, was destroyed by fire Friday night of last week and was not discovered until the mill floor was all in flames. The origin of the fire is unknown as the mill had been carefully inspected by the foreman a half hour before the fire was discovered. The mill and all its contents was destroyed, including a complete equipment of machinery for manufacturing broom handles owned by Charles L. Wing, on which no insurance was carried. The mill property was insured for $1,500. The fire was prevented from reaching the lumber yard and ony a small quantity of lumber was consumed. It is reported that the mill will be rebuilt in the near future. —Laporte News Item.

Scranton Fire.

Jonas Long's Sons' beautiful store, in Scranton, had a narrow escape from being totally destroyed by fire which started in one of the show windows Thursday morning shortly before 7 o'clock and prompt action by the Central City fire companies prevented a serious conflagration. As it was the damage will amount to about $10,000. The fire originated by the burning out of a fuse located back of the frame work of the window. The blaze slowly crept along the frame work until it gained sufficient headway to burst forth in a big volume of flame. An alarm was turned in immediately and by strenuous work the firemen confined the flames to the Lackawanna side of the store. All of the goods in the show windows were destroyed, while some of the goods located in the front of the store were damaged by water.

Freem's Welcome.

This is the way Editor Freem Taylor of the New Albany Mirror, welcomes home an old friend: "F. C. Wilcox returned from Wyoming state about two weeks ago. He never called and told us he had got back so we could publish the fact last week, therefore we are obliged to fine him three peanuts and a stick of gum. But still we are glad to welcome him back to the good old town, safe and sound and with his conscience in good repair."

Contractor Whalen commenced placing the finishing touches on the state aid road near Camptown the first of the week. About a half mile is now being covered with the macadam.

Mrs. Joseph Ganley has returned from the Mercy hospital, Wilkes-Barre, where she has been under treatment. She is considerably improved in health.

Mrs. Arthur Morey of Athens, who has been seriously ill for several weeks, has been taken to the Packer hospital. Mr. and Mrs. Morey formerly lived in Towanda.

Mrs. Carrie Mitchell and Mrs. M. A. Strachen of Susquehanna, spent Monday in the county seat of Bradford, assisting in the instituting of the Order of the Eastern Star.

Thomas Kennedy, the young son of Mr. and Mrs. Timothy Kennedy of Canton, fractured his arm and wrist while practicing the high jump on a slippery lawn a few days ago.

Rev. O. A. Houghton, D.D., will deliver the baccalauerate sermon to the graduating class of the Towanda high school in the First Methodist Episcopal church next Sunday evening.

Mike Madigan is home from the State hospital at Scranton, where he was treated for a slight fracture of the skull caused by being hit in the temple by a swiftly pitched ball.

The Rt. Rev. C. R. Harris, bishop of the Western New York Conference will make an official visit to the A. M. E. Zion church of Towanda, on Friday, June 5, when a reception will be given in his honor.

Paul Dayton, son of Mr. and Mrs. G. A. Dayton, is in the Riverside hospital at New York, suffering with scarlet fever. While he has been very ill, his condition is now favorable, and a complete and rapid recovery is expected.

Charles Bolan, son of William Bolan, the well known First ward hotel man, has secured a position in the train master's office at Sayre, and has entered upon his new duties. He is a graduate of the Towanda Business college.

The wedding of J. Edward Kirwan of Towanda, and Miss Nora Barrett of Marshview, will be solemnized in the Church of SS. Peter and Paul on Wednesday afternoon, June 10, at 2 o'clock. A reception will be held at the Kinney hotel, Wysox, at 4 o'clock.

IN HONOR OF THE DEAD

Living Veterans Pay Loving Tribute to Former Comrades.

ADDRESS BY COLONEL HOLGATE

Weather Was Agreeably Cloudy, the Marching Hosts Being Spared From the Scorching Rays of the Sun—Exercises in Opera House.

The members of Watkins Post, No. 68, G. A. R., of Towanda, on Saturday, Memorial day, again paid loving and beautiful tribute to their former comrades by strewing fragrant flowers over the graves of those whose bodies rest in Riverside and other cemeteries in this vicinity.

All Towanda and the people of surrounding sections joined in heart at least, and many in actions, in this tribute and in so doing paid honor to the living veterans as well as to those who have answered their last roll call. There were many more graves to strew with flowers this year than last as the grim reaper has cut a wide swath in the ranks of the veterans. There were not so many veterans to fall in behind the fife and drum as in days of yore, but the few, the remnant of the grand old guard, were just as enthusiastic, just as proud and just as eager to pay homage to the departed comrades as they were to spring forth to war at the call of Lincoln back in the dark days of the sixties.

The day was ideal for the carrying out of the programs. The weather, while very warm, yet was not hard on the veterans, and to add to their comfort, the clouds obscured the sun, thus saving them from the burning rays. Occasionally during the day, there would be a sprinkle of rain as if the heavens are weeping for the heroes dead.

Towanda was the center of activities for the veterans, but nearby places were not forgotten, delegates being sent to the different towns and villages to assist in the observance of the day.

In the Morning.

Comrade Charles L. Stewart with his fine automobile, conveyed delegates to Liberty Corners and Monroeton. There was a large turnout and a fine display of flowers at Liberty Corners, and an excellent address was made in the Methodist church, the pastor Rev. Clyde C. Gustin being the speaker.

At Monroeton there was another large turn out in the morning. The newly organized cornet band joined in the exercises and furnished inspiring music. I. McPherson, Esq., of Towanda, delivered an address which has been pronounced by all who heard him, as being one of the best heard in this section in many years. Mr. McPherson is a gifted speaker, and as he spent much time in the preparation of his address, it was far ahead of the average.

In the Afternoon.

In the afternoon, the exercises in Towanda were carried out. The parade formed on Main and Court streets shortly after noon and marched in the following order to Riverside cemetery:

Police.
Drum Corps.
Watkins Post, G. A. R.
Sons of Veterans
School Children.
Spanish American War Veterans.
St. Agnes Guards.
P. O. S. of A.
Citizens.

Carriages conveying Commander Payne of Watkins Post, Col. Holgate, members of town council and the veterans who were unable to walk, moved alongside the marchers who kept to the sidewalk on account of the muddy condition of the road. At Riverside cemetery, brief services were held, after which the graves of the departed soldiers were strewn with flowers.

On the return, the marching hosts invaded Hale's opera house where beautiful exercises were held, consisting of brief speeches, singing by the school children and the large audience.

The address of the day was made by Col. R. H. Holgate of Scranton. He paid a beautiful tribute to the soldier dead, and stirred in the hearts of his hearers a loving and tender feeling for those who have gone before. His address was a masterly effort, and is considered one of the best ever heard in Towanda on a similar occasion.

Towanda stores were closed from 1:30 to 4:30, as were a couple of saloons and hotels. There was a generous display of flags and bunting, and altogether Memorial day was fittingly observed in the county seat.

St. Agnes Guards.

A feature of the Memorial day parade was the appearance of the St. Agnes Guards, from St. Agnes Parochial school. The company made its first appearance on Main street in their new and handsome uniforms, and during an exhibition drill in front of the court house, was generally applauded. The company under the instruction of William Nagle has attained a degree in drilling which is remarkable for boys, and their most sanguine admirers were pleasantly surprised by the precision of the movements. The guards are not only a credit to the parochial school, but to Towanda as well.

The Drum Corps.

A pleasing feature of the parade was the music by the drum corps, composed of Frank Vought, fifer; Aaron Eddy, bass drummer; and Reed Dunfee and Alonzo Chapman, snare drummers. They played with all their old time vim, and succeeded in arousing old time enthusiasm.

At New Albany.

The exercise at New Albany were largely attended. The principal address was delivered by Charles M. Culver, Esq., of Towanda, who added to his laurels as a forceful, eloquent and convincing orator.

At Forksville.

There was a large turnout at Forksville, and the exercises were carried out in every detail. Captain J. Andrew Wilt of Towanda, was the speaker of the day. He delivered a characteristic address, paying a high tribute to the departed comrades and instilling in the hearts of his hearers an even greater love of country and the stars and stripes.

WILL SERVE AS PASTOR.

Rev. Rountree of Bath, N. Y., Will Finish Conference Year.

Rev. Rountree of Bath, N. Y., is in Towanda, and will have pastoral charge of the Towanda A. M. E. Zion church until conference which will be held on June 17, succeeding Rev. J. Henry Taylor of Waverly, who is in poor health and only recently home from a hospital.

Rev. Rountree takes up the work among the Towanda colored people under discouraging circumstances. Rev. Taylor during his long illness, has been under heavy expense, and as the collections have been neglected there is great need of financial assistance. Rev. Rountree has been authorized and will collect all obligations due the church, and will also seek to overcome the treasury deficiency.

Bishop Harris will be in Towanda on June 5, and will conduct services. A reception will be tendered him by the colored people to which an admission of 25 cents will be charged. White friends are invited, those who cannot attend are urged to buy tickets and thus help the cause.

Dr. Houghton Endorses Cause.

To the Editor of the Review:

Dear Sir—My feeling is that the people of the A. M. E. Zion church of Towanda are not only worthy of the cordial help of all benevolently and kindly disposed citizens but that they have a right to ask for such help in this, their time of need. There is no right minded citizen but what wants that church well sustained. I am sure that all such will be ready to help. Rev. O. A. Houghton, D. D.

Barn Struck by Lightning.

The barn of William Estelle on the Hatch Hill road, was struck by lightning and considerably damaged during the storm Thursday night. Fortunately the building did not take fire. There was some stock in the barn, but they were not insured.—New Albany Mirror.

A Chance to Save Money.

There is not the slightest reason why you should not feel well and strong. That great free offer of Dr. Greene's is proving the best friend that weak and delicate people ever had. A letter sent to him at his office, 9West 14th street, New York city, telling the symptoms you are suffering from, will be immediately answered by the Doctor, describing your complaint minutely, and making you understand perfectly just what ails you. And all this costs you nothing. You don't have to leave your home and you don't have to pay any doctor's fee to learn exactly what your complaint is, and how to get well and strong, from Dr. Greene, the greatest living specialist in curing nervous and chronic diseases. The Doctor makes a specialty of curing patients through his great system of letter correspondence, and is having wonderful success. Thousands of weak, delicate men and women are writing him about their complaints, and are being permanently cured. It was he who discovered that world-renowned curative, Dr. Greene's Nervura blood and nerve remedy. Write the Doctor at once and see what he says about your complaint. It will probably be the means of your getting back your health.

New subscribers paying a year in advance for The Reporter-Journal will be given a complete New Home Wall Chart, worth $1 of anybody's money. See the big offer in another column.

FOR STATE ROADS.

Town Council Petitions For Assistance in Street Improving.

POLICE TO PUT "DOWN LID."

Thorough Investigation to Be Made as to Source of Sunday Drunkenness—Other Business Transacted By the Village Solons.

Town council was in session a couple of hours Monday night, during which time considerable business was transacted, one or two items being of more than ordinary interest. President Frost presided over the deliberations of the body, all members being present with the exception of Mr. Walker.

For State Road.

A petition has been prepared and approved by council asking the State for an appropriation to build a State road from the intersection of Main street and Mix avenue to William street, thence on William street to Pratt avenue, on Pratt avenue to Hawes street, thence to the borough limit.

The people of North Towanda have petitioned for a State road from the borough line on Hawes street to James street, thence along James street to the James street bridge, and as the people of Sheshequin township have asked for a stretch of State road from the Eastern approach of the bridge now building to a point on the Hornbrook road, the entire stretch will make a great improvement. The people of North Towanda have also asked for a road from the borough line on York avenue to a point near the Mills farm, and as a petition has been filed with the State department for a road from the borough line on South Main street to a point in the township, it is easily to be seen what it all will mean to Towanda and vicinity should the State decide to spend some money in this vicinity.

To Put on the Lid.

The other important item in the budget of business transacted by the village solons was the decision to "put down the lid" on Sunday drunkenness in the City of Promise.

Councilman Califf reported that many complaints had been made to him of the large number of drunks to be seen on the streets every Sunday and he thought it was up to the police department to put a stop to it. While the police have been very vigilant, yet there have been many booze bewildered individuals on the streets every Sabbath. When arrested they refuse to tell where they procure the drink, and as a result the evil has flourished. It is the belief that many make a practice of laying in a little stock on Saturday night, and all such and others found under the influence of liquor especially on Sunday will be arrested. A close watch is also to be kept on the licensed places.

Other Matters.

Street matters required a good deal of attention of the council. Chairman Cox of the street committee made a report giving the amount of work done during the month of May. A stone walk was ordered placed on Ann street along the property of A. J. Jarvis, and an iron railing also placed along the sidewalk.

The bills for the month were ordered paid and after the reading of the police report, adjournment was taken.

Dr. Towler Leaves Hospital.

Dr. Howard Towler who has been an interne at the Robert Packer hospital since Jan. 1 of this year, departed Monday for Baltimore, Md., where he will take the state board examination. His successor at the hospital has not as yet been appointed definitely, but a young physician is expected to arrive in Sayre within the next few days and commence his term of service.—Sayre Times-Record.

Gets the Reward.

The court Monday issued an order upon the county commissioners whereby they paid to L. E. Wiggins, constable of Wyalusing boro, $20 as a reward for the capture of Arthur Chaffee, the youth who stole the horse and fired the Lyons barn on Spring Hill a couple of months ago. The reward was paid to the constable in compliance with a law enacted a number of years ago.

Rogers—Necker.

The wedding of C. Stanley Rogers, son of Dr. and Mrs. C. S. Rogers of Towanda, and Miss Juliet E. Necker, took place on May 19, at St. Stephens Church, San Francisco. After a brief wedding tour, the couple will reside in Oakland, Cal., where Mr. Rogers has a position as superintendent of the Hidecker Lumber company.

Bingo Law and Order Society.

The Binghamton ministers of the evangelical churches have formed themselves into a law and order society for the purpose of quietly obtaining evidence against all persons violating law. The effect of the movement is already plainly seen. No one desires to be caught in acts unbecoming true American citizens.

Waverly Drowning.

Laverne Peterson, 20 years old, was drowned while bathing in the Chemung river at Waverly Friday night. His body was recovered a short time later.

High School Downed.

The Towanda high school team went to New Albany Saturday and were defeated by a picked team by the score of 12-4.

MINSTRELS WERE GREAT.

Excellent Home Talent Entertainment Given Friday Evening.

Nearly every seat in Hale's opera house was occupied when the veil was lifted on the Eagle minstrels last evening, and judging from the hearty laughter, thunderous applause and numerous encores accorded the performers, every one in the audience was satisfied.

Towanda has had many home talent minstrel entertainments, and while some have been exceedingly good, last night's show compares favorably with the best. The first part was replete with coon songs, balads and witty sayings, several local gags being worked off to the merriment of the audience.

Swartwood and Schute of Waverly, the premier end men, scored heavily with the audience, their long experience on the stage showing in their every movement. Joseph McMahon, Frank J. Kline and Nip Morrisy made decided hits with their jokes and comic songs, McMahon's "Who, Me," and Kline's "I Live in Lazy Land," being two of the best numbers on the entire program. John E. Graham as interlocutor left nothing to be desired in that part, his clever work being a feature of the first part.

The solos were especially good. Harold Russell sang "Good-Bye, Sweetheart, Good-Bye" to good effect, as did John Lowe who had for his bass solo, "The Bell Buoy." Walter Dayton sang in his usually excellent manner, "Dreaming" and William J. Fisher rendered in splendid voice "The Sentinel Asleep."

The second part or olio, consisted of three numbers. Bernard Atkin, the boy violinist, played several difficult selections, and won hearty applause. Miss Rose Marks played his accompaniment. Richard Powell, the colored vocalist, rendered "The Treasurers of the Sea Are Buried Deep" in splendid voice, and was generously applauded.

The show concluded with a comedy sketch by Swartwood & Shute, which was a side splitter for sure. The young men displayed their comedy talents to good advantage in this act and kept the audience in continuous uproar.

The music was of a high grade, every number having full orchestration which was handled by the Germania orchestra under the superb leadership of Edward Walker. The show as a whole was a good amateur production, one of which Prof. Cummings and J. E. Graham, the managers, and the Eagles, under whose auspices it was given need not be ashamed of.

PROHIBITION CONVENTION.

Work of the State Organization Finished at Sayre Friday.

The business of the State Prohibition convention, held at Sayre, came to an end on Thursday afternoon, but a meeting and discussion by the State central committee kept a large number of the delegates in Sayre until yesterday. Only about one-half the 300 delegates expected attended.

Hon. Daniel Sturgeon of Uniontown, was nominated for Superior court judge, and these delegates-at-large to teh national convention were named: Michael J. Fanning, Philadelphia; George Hoffman, Ardmore; Burton L. Rockwood, Philadelphia; R. D. Williams, Sayre; James W. Houston, Allegheny; Godfrey Stringer, Philadelphia; P. T. Routledge, Livermore; H. L. Stem, Union City; R. S. Irwin, Butler; and Frank L. Morton, Philadelphia.

David B. McCallmont of Franklin, was re-elected State chairman.

The platform adopted reaffirms allegiance to the naional Prohibition party. It affirms that the license system is a crime and a financial failure, in that it places a burden of taxation on the Commonwealth which exceeds its revenues, and favors the election of the President and Vice-President of the United States by a direct vote of the people.

News of the Register's Office.

Will of Aaron Hamm, late of Sayre borough, deceased, admitted to probate and letters testamentary granted to Mary and John M. Hamm. Letters of administration upon the estate of George W. Loomis, late of Towanda borough, deceased, granted to Emma E. Loomis. Will of Lorenzo D. Hill, late of Burlington borough, deceased, admitted to probate and letters testamentary granted to Salena Hill. Letters of administration upon the estate of Lewis T. Connelly, late of Towanda borough, deceased, granted to Margaret Commolly.

Suffered Slight Paralytic Stroke.

L. T. Royce of North Main street, while walking along York avenue Saturday morning, suffered a slight stroke of paralysis. His left arm and side was affected, but with the assistance of a couple of young men, he was able to walk home. Dr. T. B. Johnson was called to attend him. His condition was considerably improved yesterday.

Released From Danville.

John Harmon, who was confined in the county jail at Tunkhanock charged with attempting to shoot his wife at Noxen, and subsequently became mentally deranged and was committed to the Danville Insane Asylum, is now to be released from that institution, being pronounced cured.
